Just as every person needs a background to grow on, every building needs a cornerstone. The materials for the cornerstone can vary from the finest marble to a great education.

This past year, DeVilbiss High School has provided us with the cornerstone to the rest of our lives. The things we've learned and the people we've shared our time with are part of that cornerstone. The administration and the teachers are another part.

The biggest chunk of that rock is the student body. We have always a rough, uncut, unpolished gem within each one of us. With the guidance and encouragement of the faculty, each student begins to cut his own precious stone during freshman year, unaware of the beauty that lies within. By the end of senior year, the final polish is on, and each of us wears his own "hope diamond," for that gem which he has cut and polished is himself and his own hopes for the future.

Although some of the encounters we have had produced pain, that pain has worn away some of our rough, broken edges so that we may be stronger as a whole and as individuals. It has exposed a portion of the beauty inside each of us.

We have all broken off from DeVilbiss and have the same matrix, the same basic composition. But because of the different experiences we have had, we all capture the sunlight differently and we all reflect a different rainbow of colors. DeVilbiss is our conerstone and we are the rock of the future.

HOMECOMING SPIRIT

In the weeks before the game and parade, DeVilbiss' new Tigers, the freshmen, prepared their first Homecoming float.

"It was great to be a part of getting the float together," beamed class president Jamie Tammerine.

That seemed to be the feelings of everyone who participated in pre-parade activities.

"The people who came to our float meetings were really enthusiastic....really willing to work," said Kendra Caputo, class of 1990.

Tiger spirit and enthusiasm was not only shown through float meeting attendance but through rivalry between juniors and seniors.

"I'll bet you FIVE bucks-I repeat F-I-V-E dollars that the juniors are gonna win this float competition!" Stephanie Small was just one of the junior class boasters.

Many seniors took advantage of such offers. Especially, Kathy Skaff who hosted the senior class float.

"I took Stephanie up on her bet and the seniors won-of course. It's funny how involved you get when the float is being built at your house."

That spirit and enthusiasm spilled over to Homecoming day. Despite the wind chill factor and the ominous rain clouds, large groups of students turned out to support the Tigers during Homecoming '87!

John Garrett and **Keebee Nash** get ready to go back into the game.

The rugged Tiger defense forces a Macman fumble and the Tigers recover.

Carla Robinson took a day off from cheerleading to reign as the 1987 Homecoming queen.

While the cheerleaders cheer on the team, the crowd intently watches the game.

As the winning senior float goes, seniors **Shelley Klingelsmith, Kathy Skaff, Patti Travis,** and **Julie Hoover** show their class pride.

The majorettes lead the parade with pride and spirit.

Even though the sophomores didn't win, they still had the "Catch of the Day".

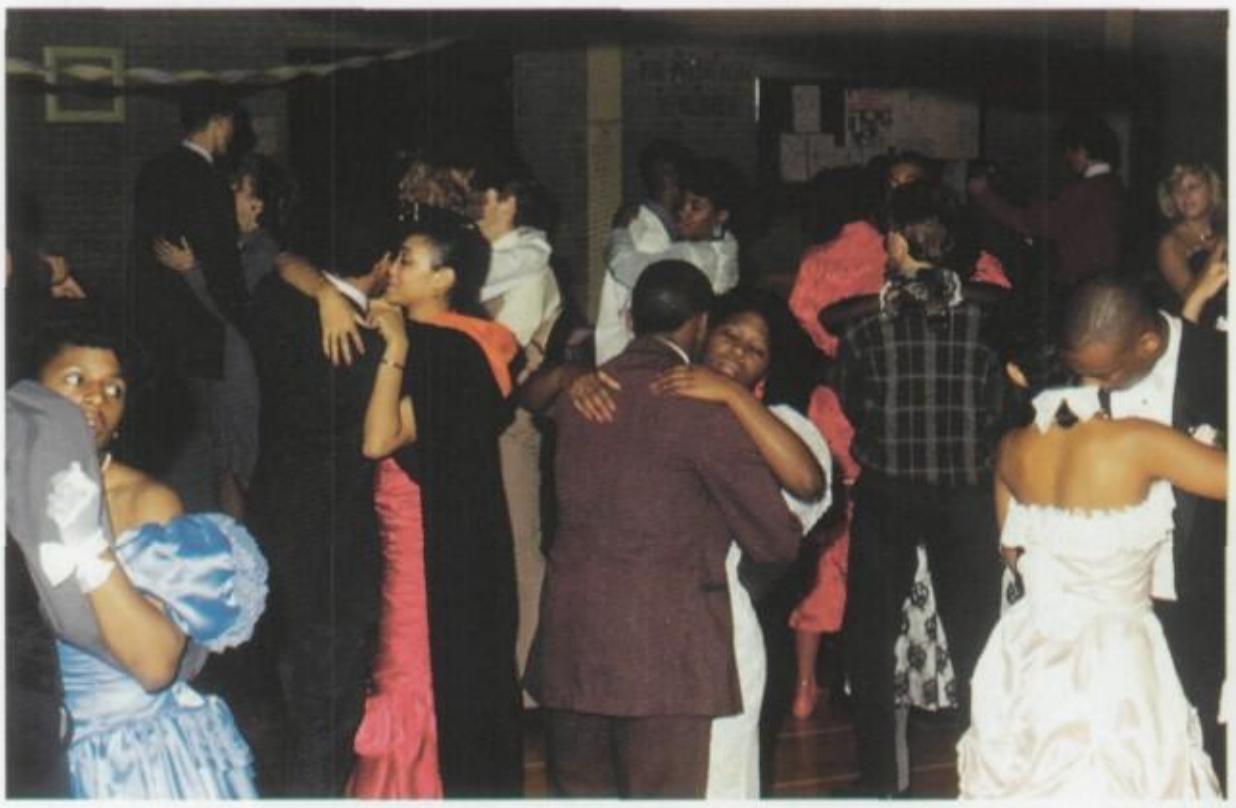
Juniors surf along with the rest of the parade.

A NIGHT TO

"There's Nothing Better Than Love," by Luther Vandross, was the theme of our homecoming dance. Lavender and yellow streamers and balloons together with a glistening foundation transformed the girls' gym into a lovers' paradise.

A local disk jockey provided the musical entertainment, as couples drifted in and out throughout the evening. The crisp autumn weather affected the size of the crowd, but those who attended were enthasiastic and thoroughly enjoyed themselves.

Homecoming Queen, Carla Robinson, stated "the excitement was there, but the participation wasn't." A highlight of the evening was the suprise crowning of Corey Anderson as Homecoming King.



THERE'S NOTHING BETTER THAN LOVE - and this love shows on the faces of those who attended the Homecoming dance held in the DHS gym.

There's more to Homecoming than dancing.

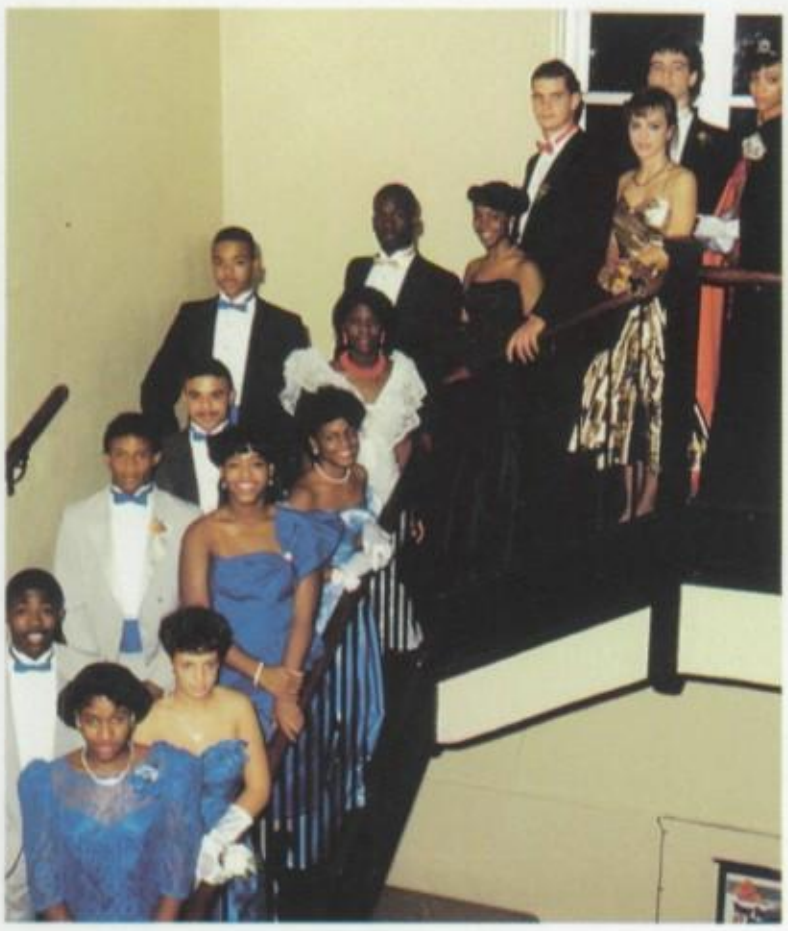
The first dance after the King's coronation was for the senior court.

REMEMBER!

Charles Jennings and **Christina Williams** discuss post-dance plans.

The dancing was upstairs in the gym, while the conversation was in the Tiger Grill.

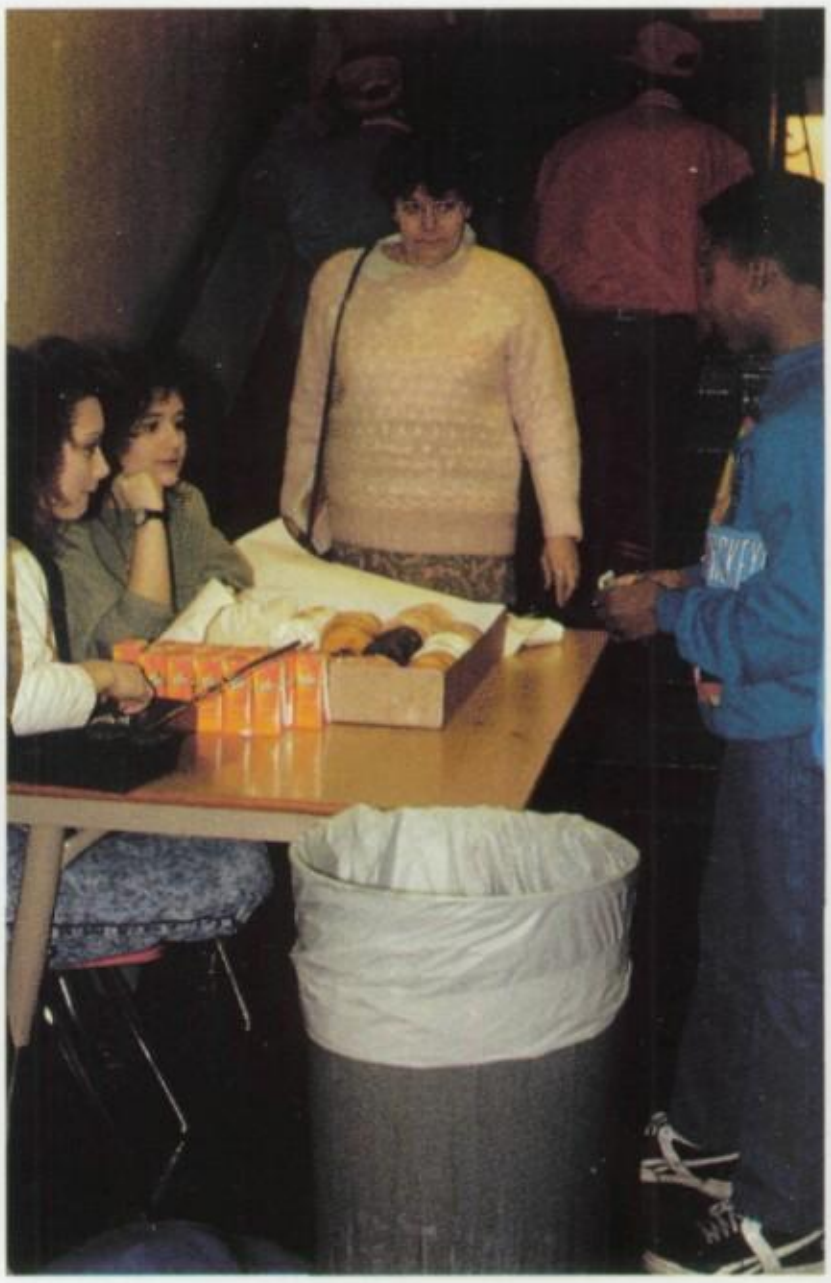
HOP, HOP, HOP! DHS students doing the Bunny Hop.



UP THE STAIRS TO ROYALTY! Queen **Carla Robinson** and King **Corey Anderson** stand tall above the rest of DHS' Homecoming Court.

Chris Shaffer and **Melanie Roderick** come in the Skill Center to get ready before the first bell rings.

"Doo whop ditty ditty dum", oops it's not a 501 commercial, it's just some of the guys chillin' in the grill after lunch.



Amy Netter, Lisa Netter, Beth Koppert and **April Maddux** find the halls a good place to do some last minute cramming before their first hour class.

FOOD! Art Club members, **Shelley** and **Julie Klingelsmith,** sell donuts and juice before school to help finance their May trip to Chicago.

DREHER'S LATE AGAIN! A. P. History students stage a sitdown strike in the halls because Mr. Dreher was late getting back from lunch.

"What do you have next hour?"
"Oh, him! Have FUN! HA!"
"How was the test?"
"Did you say the "T" word?"
". . . and I'll see you at the locker."
"No! Don't shut that lo-cker!"
". . . meet you here."
". . . give him this note. Pleeze!"
"Did you hear ?"
"No! Who?"
"Well, I heard that he called her and said . . ."
"What are you doing after school?"
"Hey! Don't push."
"Did he just apologize? I must be dreaming."
"HALL SWEEP!"
"I thought that was the one minute bell that rang."
"See ya later."
"Can you believe it!"
"Later."
"Gotta go. I can't get any more penalties."
"Good luck on the test. See ya."

Corey Anderson, Ron Bankston and **Jeff Coombs** hold **Jamie Lane** as he shows off the "flat belly" that he got during wrestling.

Patti Brown calls home to check in with her mom at lunch - SURE!

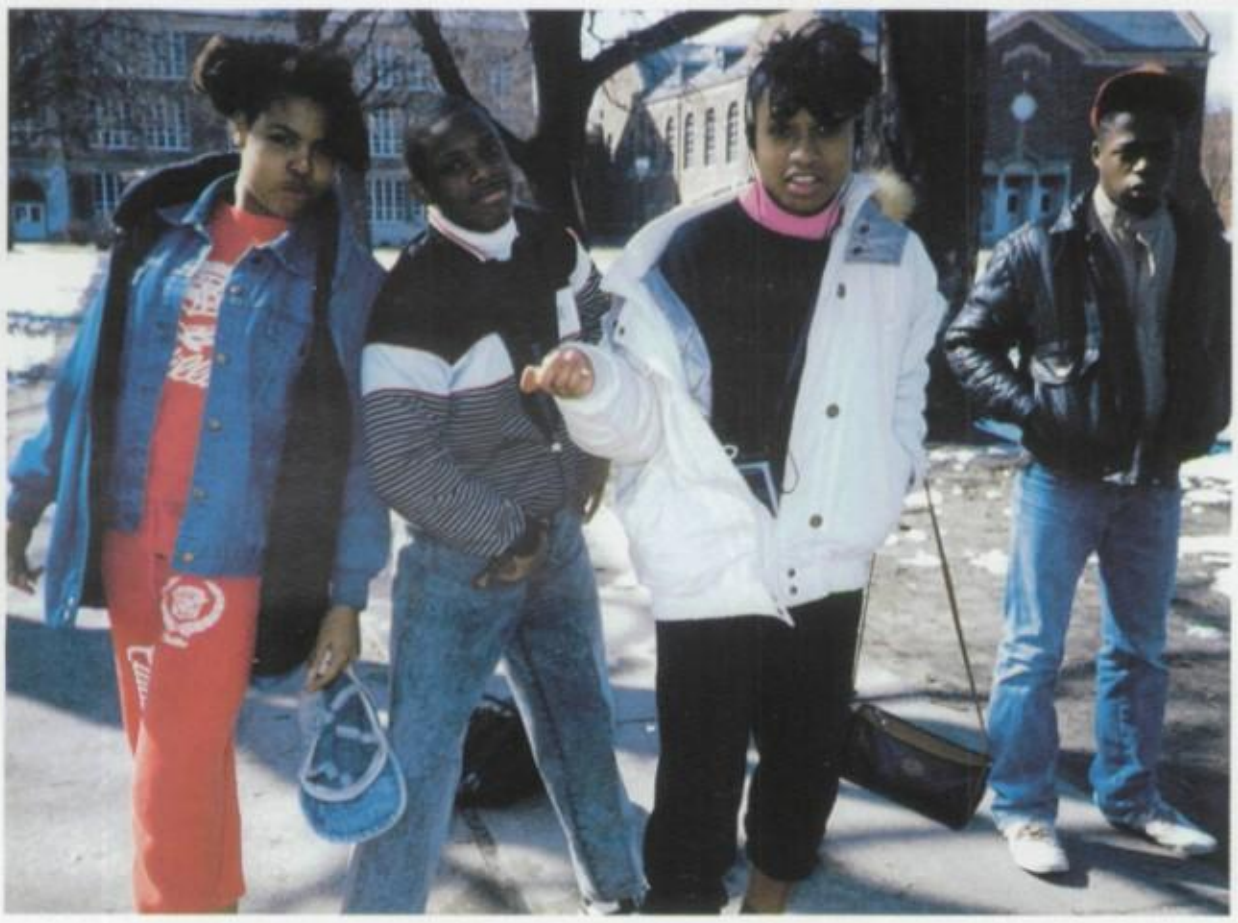
". . . had to walk. Got up late and missed my ride."
"Did you drive?"
". . . drop me off?"
"It's right on your way."
"Thanks. I really appreciate it. I promise I'll never ask again!"
"I need a ride."

"Hey! Look, it's better than walking!" some DHS students explain as they get on the TARTA bus.

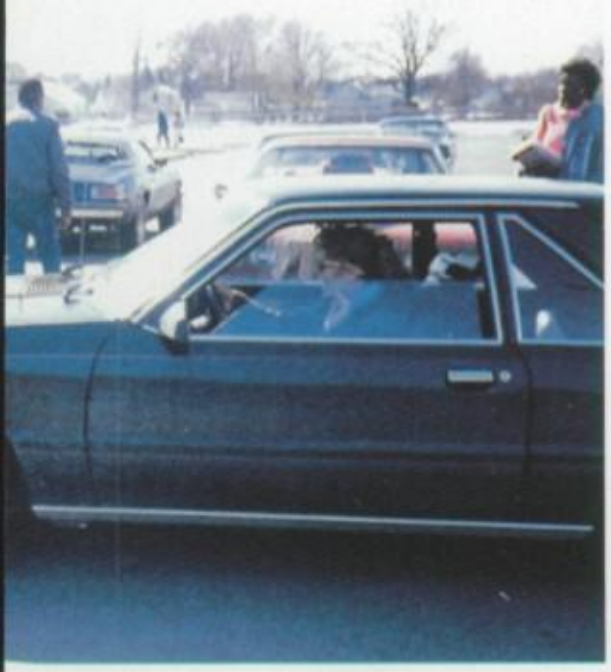


Keisha Smith and some friends say, ". . .drove right by me and waved! The nerve of some people!"

"Look guys, I got my own car. Need a ride?" **Jeff Lorenz** brags to **Mike Thayer** and **David Popkin.**

"Hey Heather, you're gonna take us home, right?" "I didn't drive, Kelly was gonna." "When's the next bus?"

Robin Powers shows off her new "ride" to fellow senior **Monica Everett.**



"Mom wouldn't let me drive today. So can I bum a ride?" **Pam Sekulski** asks **Kristie Stone.**

"Hey! You! Get into my car!" **Jeff Potter** tells **Julie Neller.**

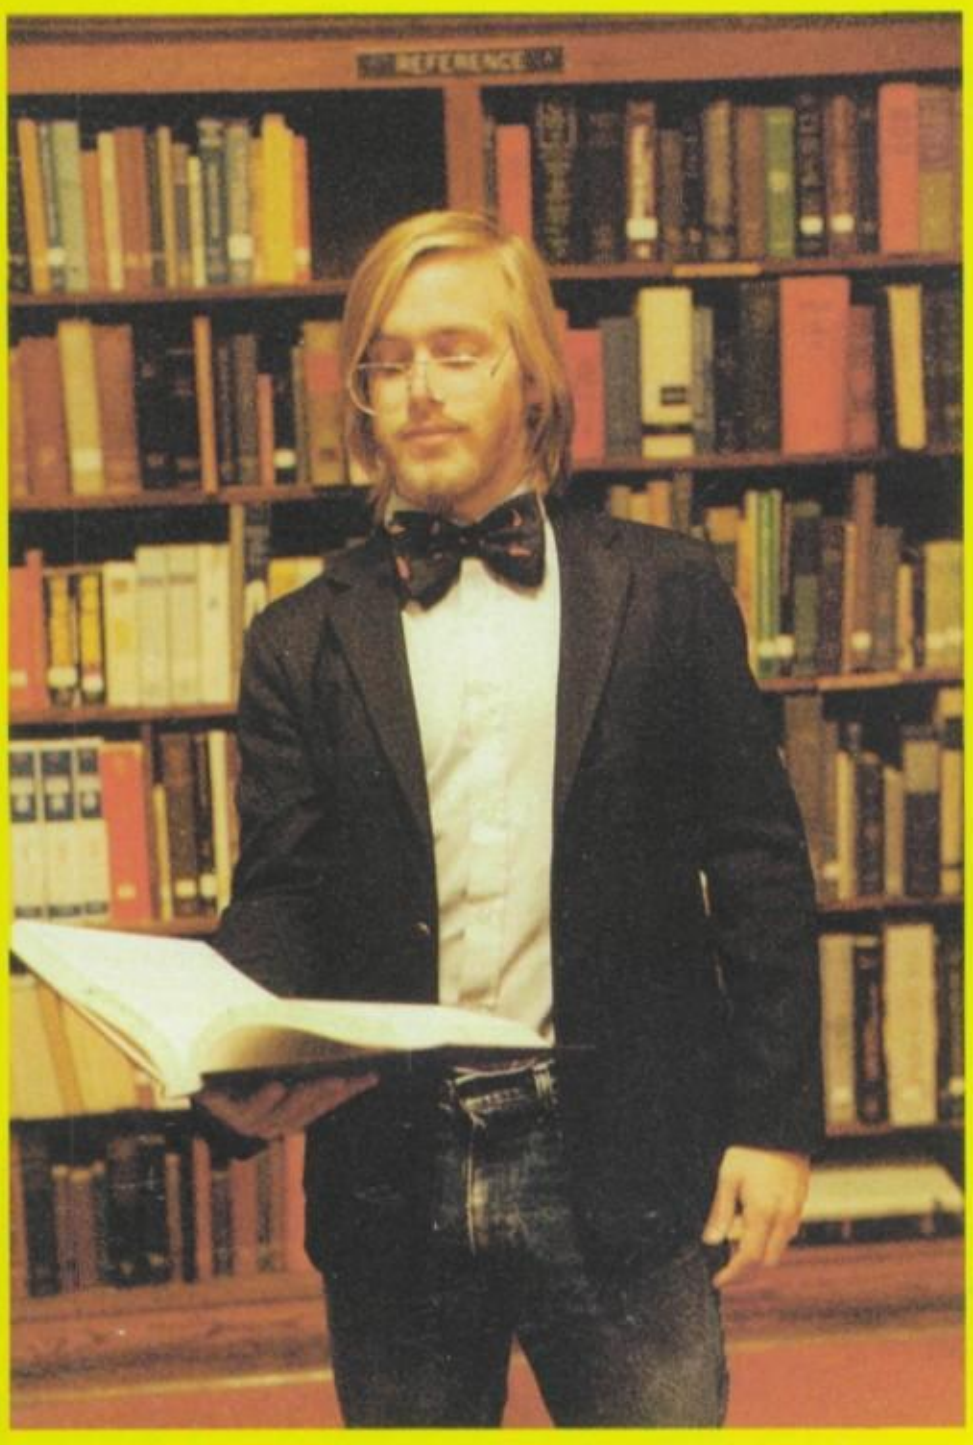
No, it's not Bonnie Duritsky putting on her makeup! It's **Mark Leasor** painting on his Halloween smile.

Karen Briggs tells **Jenny Colyer** to "Keep your claws off my jelly beans!"

While touring the halls of DHS, **Susannah Lazar** met one of the strangest "Hall's" of all - Kathy!

"BOO!" from frosh **Jenny Peraino.**

Even teachers got into the Halloween spirit as **Ms Anne MacDonald** joins in with students **Chuck Braun, Michelle Webley,** and **Patrice Blanton.**



A normal day for senior **Kelly Dennis.**

Jesse Squire came dressed as well, uh, you know, Mr. Dreher.

WELCOME TO THE BIG TOP!

It was music! It was excitement! Carnival came to town! For those who lived inside the colorful tents, though, life was not all glamorous and excitement.

Carnival was about Lili (Erin Green), a young girl who searched for exciting carnival work. Instead, she found that all of the world is not a stage. She also found love, but not before Marko the Magnificent (Charles Hayward) shattered her small town naivevete'.

Thank you, Ms. Krauss, for once again presenting everyone with enjoyable entertainment. Thank you, also, for providing an opportunity for DeVilbiss students to practice their dramatic and technical skills outside the classroom.

"It will always be only you," promises Rosalie (**Susannah Lazar**) as Marco the Magnificent (**Charles Hayward**) forces swords into the magic box.

After being insulted once too often by ringmaster **Jesse Squire, Paul Haase** flies into a rage as **Chris Schaeffer** tries to stop the fight.

THE CHORUS: Standing: Tammy Ruffin, Lisa Rouppas, Connie Mylek, Maggie Hunter, Jenny Grabarczyk, Michelle Dullum. **Kneeling:** Jeff Yeager, Mark Leasor, T.J. Smith, Tom Cochran, Brian Vertrees.

STAGE CREW: Standing: Mike Hillard, Jack McLaughlin, Sanjay Nair, Daniel Prewitt. **Kneeling:** Anne Williams, Shelly Klingelsmith, Tracey Pernia. **Front:** Andy Berry, Brad Berry.

A sad Lili (**Erin Green**) gets cheered up by Paul's Puppets. Paul used the dolls to express his love for Lili.

Caring and Sharing

Teenagers really get a bad rap! We are called insensitive, materialistic, and stingy. Honestly, though, teens care a great deal more than people think. DeVilbiss students should be proud of the many things that we have done. We raised $1,015.32 dollars for emergency medical treatment for the daughter of a cafeteria worker. We collected car loads of cans and gifts for Christmas baskets for the needy. With the help of Mr. Erdman's homeroom, students raised over $355 for the United Appeal drive.

Many students contributed to the Toledo Public Schools efforts to pass the levy. Students helped parade, passed out literature, and encouraged voters to vote "yes".

Mrs. Scharf presents a check to a grateful Ms Noble, while Ms Brunner and Mr. Norment watch.

"Whistle while you work!" **Gayle Nichol**, **Jenny Folger** and **Jenny Holton** put together Christmas baskets.

Mr. Erdman's class looks proud, as they donated the most money to the United Appeal drive.

Donna Tinsley "Vants some of your blood!" As head of the blood drive Donna assisted other committee members with posters and signs.

Freshman Tigers urge Toledo to "Care for Kids!"

Even administrators got into the act! Mr. Norment helps pack food for Christmas.

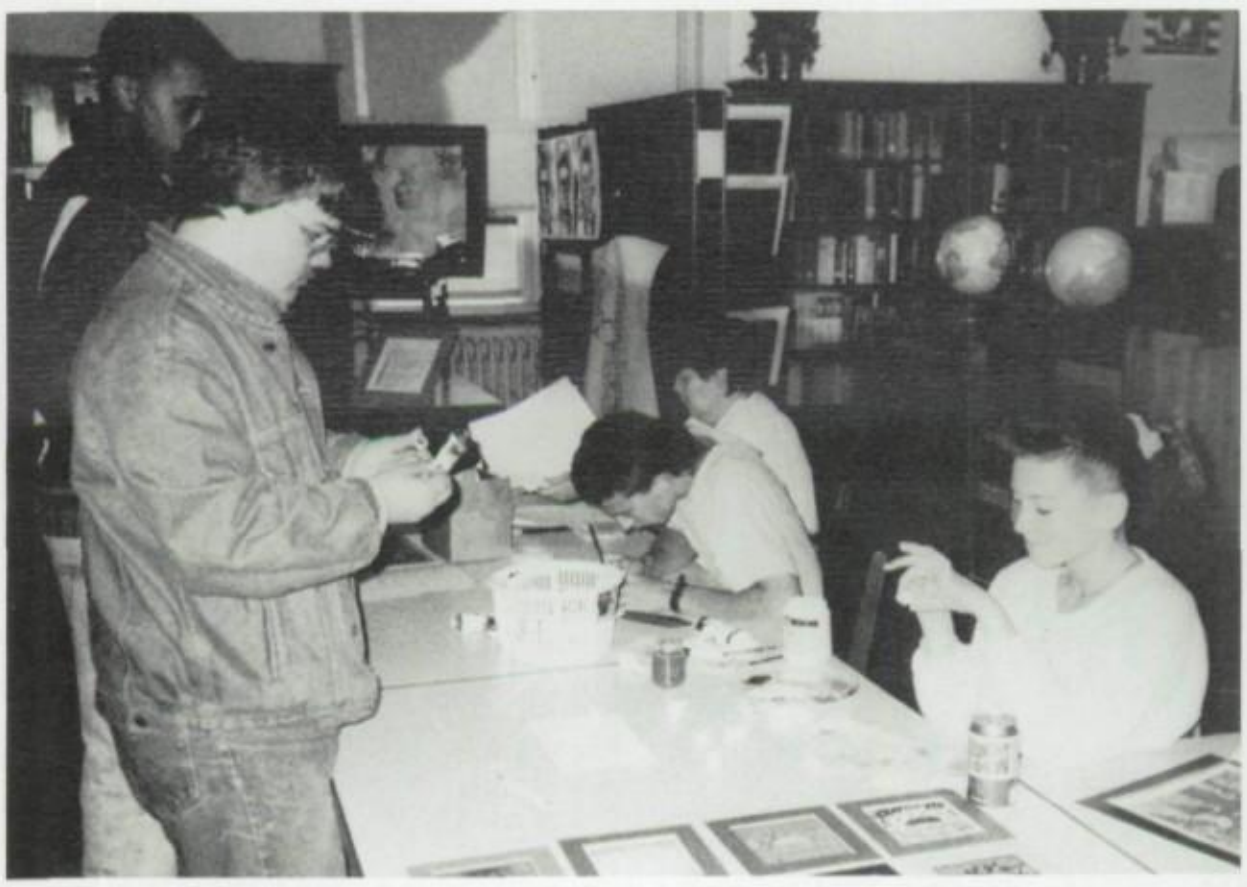
Week of the Tiger

May 16-20, 1988 was the "Week of the Tiger". Monday: Student Government and class officer elections. Dance held in the girls'gym after school. Tuesday: Auction takes all morning! Wacky Races cancelled. Wednesday: Art Display in library. "Arsenic and Old Lace" performed in auditorium. Evening Academic Banquet at Holiday Inn South. Thursday: Teacher Appreciation Day. Free breakfast in Tiger Grill. Friday: Honors assembly takes place in morning and afternoon. Record number of awards received. So many activities were scheduled during this week that the Tug-O-War was held the week before.

Mike McClain and his teammates struggle for a victory in the annual Tug-O-War.



Jeff Potter purchases a "spirit pig", one of the many items sold by the art students.

Mr. Berger explains the rules for the Auction while **Donna Tinsley** and **Joely Tammerine** thank Mr. Pfaff (auctioneer) for his help.

Dwanna Bagner receives an award from Mr. Berger at the Honors assembly on Dress-up Day.

Mr. Carr and his daughter, **Heather**, check out the art display.

Jenny Holton gets "dolled up" to meet Miss America.

Chris Schafer nervously prepares for his formal wear scene with Miss America.

"Presenting Kaye Lani Rae Rafko, Miss America 1988."

No, this wasn't the Miss America pageant, it was Prom Gala '88. Held at the Masonic Auditorium, Prom Gala starred models from area high schools and featured Miss America, who was on hand for autographs and performed with the models on stage.

The fashion show not only displayed the hottest in prom fashion but showed off the new 1988 summer styles.

This year's sponsor for Prom Gala was M.A.D.D.-Mothers Against Drunk Driving and was hosted by Jeanine Lauber of WTVG and Fred Lefever of 92.5 WMHE.

Connie Mylek gets cuddle from **Chris Schafer** during their formal wear scene.

DeVilbiss models **Jenny Holton, Brad Berry, Chris Schafer, Connie Mylek** and **Ann Williams** pose with Miss America, Kaye Lani Rae Rafko.

A FUTURE MISS AMERICA? **Ann Williams** fixes her hair after helping the models get ready.

MAKE IT LAST FOREVER

OK guys! Time to switch partners - you guys are holding your partners too tight.

The night seemed to last forever. It started with dinner at six o'clock. At eight, the lights dimmed, the music began and couples started to drift onto the floor.

Tamaron Country Club was decorated with gold stars that shone deep into the night as students tried to "Make It Last Forever."

When midnight struck, the lights slowly rose and the music faded like a whisper in the dark, the magic of Prom '88 stayed with those who were caressed by it.

Don't worry, Mrs. Gill was on the sidelines holding **Jenny Westley's** jean jacket and **Patti Brown's** basketball shoes.

DOES THIS FOOD LOOK GOOD OR AM I JUST HUNGRY? **Gail Shamy, Brian Vertrees** and **Amy Netter** move through the food line.

Alice Hostettler asks her friends who she should dance with next.

Joely Tammerine, Sam Parker, Donna Tinsley, LeRoy, Tracey and Daniel sitting pretty (and handsome) after dinner.

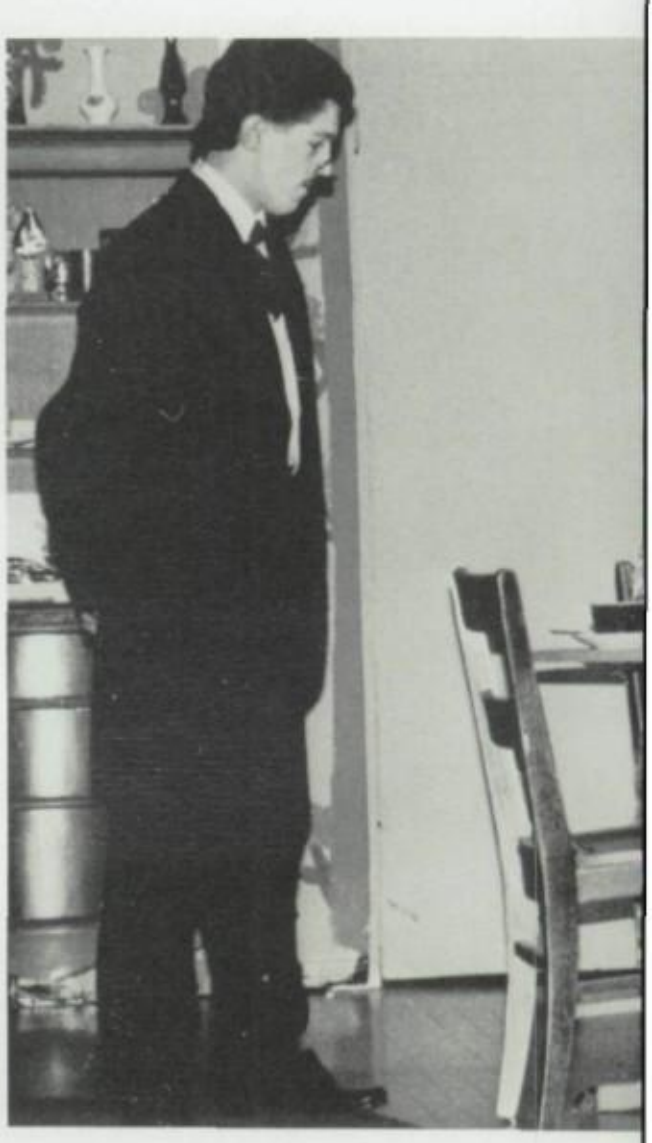
DANCE PARTY U.S.A. **Shelley Klingelsmith, Adrian Rawson, Kerri Middaugh** and **Brooke Davis** dance the night away.

Arsenic Successful

Abby(**Gail Shamy**), Elaine(**Maggie Hunter**), and Martha(**Sarah Kutcher**) have a chat.

"Arsenic and Old Lace" was this year's school play. There was one matinee performance and two evening performances. All performances featured large turn-outs. The play was about two old ladies who poison lonely old men. Missy Shamy and Sarah Kutcher played the parts of the old ladies. Mark Leasor, Nate Winters and Charles Hayward played the parts of the nephews--adding suspense and gore to the plot. Mrs. Sweeney directed the play and Mr. Easterwood was in charge of set design and set construction.

Jonathan(**Mark Leasor**) and Dr. Einstein(**Adria Clawson**) attack Elaine.



Behind the Scenes: Elisha Lee, Sanjay Nair, Mike Hilyard, Michelle Dullum, Tracie Pernia, Jodi Straw, Nate Winters, Jack McLaughlin, Kathy Skaff

Abby and Teddy(**Nate Winter**) enjoy tea with the Rev. Dr. Harper(**Tom Cochran**).

Mortimer(**Charles Hayward**) explains the facts of life to "naive", minister's daughter, Elaine.

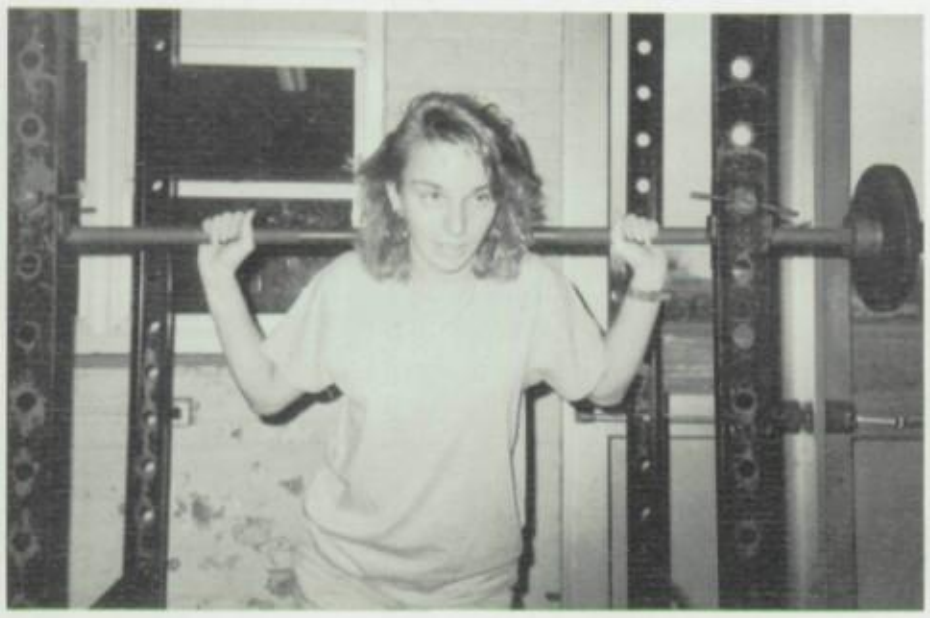
Tigers From Abroad

Can you imagine leaving your friends and family and going to live in a totally different country for a whole year? Katie Seubert, from Celle, Germany, and Alice Hostettler, from Schaffhausen, Switzerland, did just that. The exchange students chose to come to the United States because "the USA is number one in the news", according to Katie. Alice added, "I wanted to see if it was true." It didn't take them long to become an active part of DeVilbiss. They both joined the tennis team, with Katie advancing to the District Tournament. Katie also took part in the school musical. Alice joined the track team. She said that she would miss school sports, because they do not have them in Switzerland. The biggest surprise in America varied with each girl. Katie could not believe the number of students who held part time jobs during the school year. She was also surprised at the strict rules of DeVilbiss. "At home no one tells us how we have to dress. It really isn't that important. We don't need hall passes and building permits, either." Alice was shocked by the number of pregnant young girls. Both girls will return to their countries with many fond memories of their stays in the United States. They agreed that they would miss all of the people that they have met.

Alice and **Katie**, on their way to hit the slopes of Mt. Brighton. A couple of falls, bumps, and bruises added to the excitement of the day.

Often overheard speaking German to each other, **Katie** and **Alice** unraveled many American slang terms (i.e. "it's fresh" and "quit dippin'") together.

Katie jumped right into the DHS limelight with her portrayal of the "Ghost of Christmas Present" in "A Christmas Carol".



Alice stunned the weight room with her amazing strength and her outgoing personality.

Willing to try anything once, **Katie** tried her hand at horseback riding.

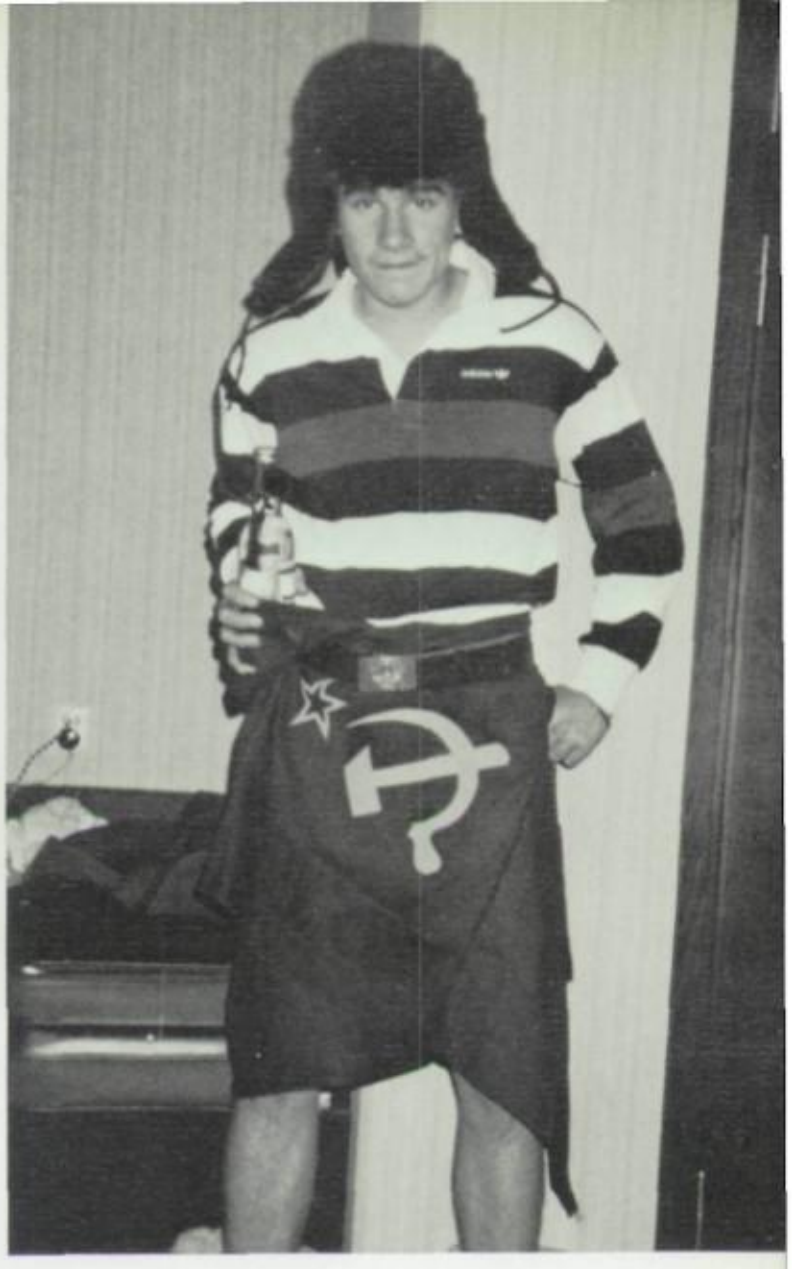
UNFORGETTABLE JOURNEY

BUNDLED UP! The group waits for Bus 15 to take them back to the hotel. This was only the beginning of an adventure which tested the students' knowledge of the Russian language.

Seven DeVilbiss students were able to do what other people only dream about. On December 26, 1987, Dan Harrison, Jim Heidelberg, Julie Hoover, Amy and Lisa Netter, Amy Stahl, and Patti Travis embarked on a ten day journey through Russia. Mrs. Marian Walters (Russian teacher) accompanied the group. The students spent four days in Leningrad. There, they visited the Hermitage, the Russian Museum, the opera, and Pushkins's Palace. From Leningrad, the group took the midnight train to Moscow. There, they met Tatiana Papina, the Soviet exchange teacher who taught at DeVilbiss last year. The students celebrated New Year's Eve at the Cosmos Hotel. Visits to Red Square, the Kremlin, the Armory, and GUM (the U.S.S.R.'s largest department store) highlighted their stay in Moscow. From Moscow the students traveled to Suzdal, a small town noted for its ancient churches. The group saw many churches and icons (religious paintings). The students even trekked half of a mile across a snow covered, barren plain just to see the oldest church still standing. It was built in the twelfth century. The trip proved to be an experience that these DHS students will always remember.

Eleven hours total flying time affects people many ways. **Jim Heidelberg** snoozes and **Dan Harrison** has given up trying to get comfortable.

Through the woods ... enjoying the troika ride are **Patti Travis**, **Dan Harrison**, and **Julie Hoover**. This was followed by a snowball fight and the Russian tradition of "warming up" with a shot of vodka.



"Comrade?" After only four days in the USSR **Dan Harrison** shows his true self. Dan traded a pair of his blue jeans for a Russian flag.

SPIRIT ABOUNDS AT DHS

The 1987-88 D.H.S cheerleaders rocked the crowds and spread that Tiger spirit throughout the school. Although there were no captains or co-captains this year, the girls kept it together and cheered the Tigers on. The Varsity squad had a total of eleven girls, the most in D.H.S. history.

This year, the cheerleaders were able to raise enough money to get new football and basketball cheerleading uniforms. they sold DeVilbiss pins, pizzas and they also had a paper drive to raise the funds.

Miss Delores Puzak has been the cheerleading advisor for 2 years and really enjoyed working with the girls.

GRIDDERS COMEBACK!

What do you do after 0-10? How about starting out 4-0! That's exactly what the Tigers did this year in football. Coming off a disasterous 1986 season the Orange and Black gridders, headed by first year Coach Dave Erdman, rattled off four consecutive victories to start the season.

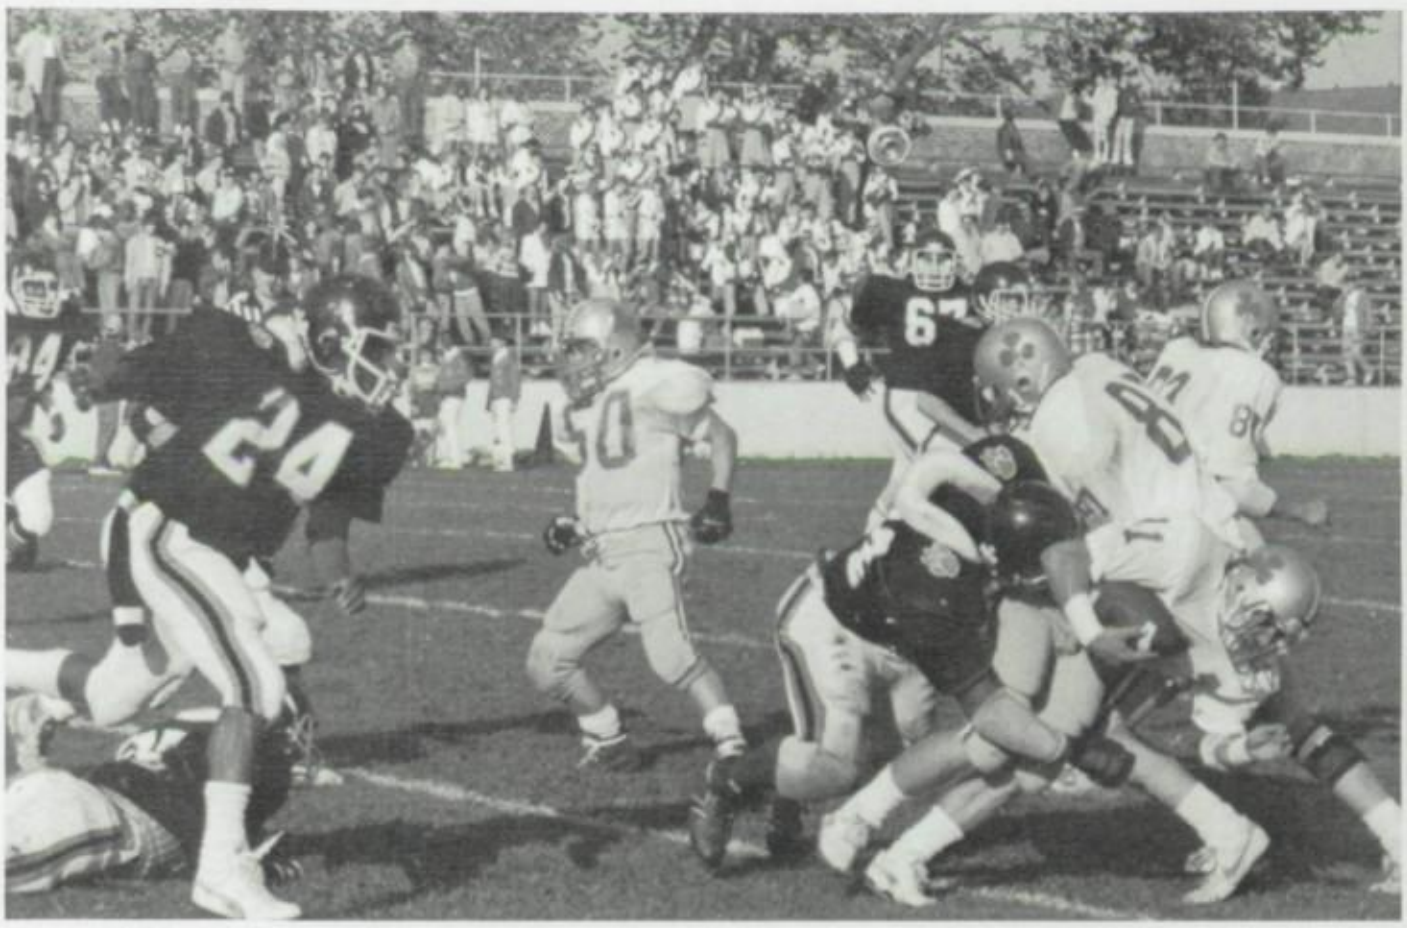
All-City players Brad Berry, Keebee Nash, Corey Anderson, Larry Buck, and Omar Johnson paced the Tigers to their quick start. But the physical nature of football began to take its toll, as the injuries piled up and the Tigers suffered five straight losses. Some good did come from the injury situation, as many "young" players gained valuable experience. Senior, All-State player, Brad Berry stated "Even though there were alot of injuries the young players got alot of experience and eventually came through!"

Coach Pittman's defense was inflexible, at times, as we held our first four opponents to a total of four touchdowns. The shutout of a highly explosive Scott team was the defense highlight of the season.

Coach Erdman's ground-oriented offense was spearheaded by tailback Keebee Nash, one of Northwest Ohio's premier running backs. Keebee carried the ball for well over 1000 yards.

The injuries didn't stop the Tigers. They came roaring back and massacred the Bowsher Rebels in the final game of the season. Junior Mike McClain commented, "That was the sweetest victory of the season, because it tested our character. It really showed what we were made of!"

The Tigers ended the season with a record of 5-5. Coach Erdman was pleased with the outcome of the season, "The guys morale carried them through. They never give up. They fought back...they rose to the occasion, and did O.K.!"



Junior defensive tackle **Mike McClain** stops Central ball carrier as teammates **Brad Berry** and **Louis Fuller** pursue.

John Garrett gets the handoff from sophomore quarterback **Mark Knabbs,** as **Brad Berry** leads the interference on a trap play against the Scott Bulldogs.

All-City running back, **Keebee Nash,** heads for an opening made by the aggressive offensive line.

STANDOUT SPÈAKS OUT

POG: At DHS you have excelled in both athletics and academics. What is your formula for success?
Brad Berry - All State

As a freshman I was told by my parents and the DeVilbiss faculty that academics came first. I set the goal for myself to maintain a 3.0 gpa or better. As a young player I was greatly influenced by the senior athletes, that were going on to play at collegiate level. They inspired me to push myself beyond my limits. Anything that I have achieved is in direct relationship to the amount of effort that I have invested. Believe in yourself, work hard and you could achieve what I did!

YOUNG TIGERS EXCELL!

In addition to the relatively young varsity team, the Tigers fielded junior varsity and freshmen teams. These teams were very successful and showed signs of providing DeVilbiss fans with many thrills in years to come.

The Junior Varsity football team compiled a record of 5 wins and 1 loss. Freshmen, sophomores, and juniors, were allowed to play at this level. Games were played on Mondays after school. Mr. Rupp and Mr. Johnson were the coaches for the games.

The freshman football team, coached by Mr. Harris, finished the year with six wins and no losses. Over forty freshmen participated in these Thursday afternoon games.

The freshmen **Calvin Williams** and **James Fuller** show their enthusiasm as they congratulate a teammate for scoring a TD.

SERVING UP SUCCESS!

Maggie Hunter teamed with **Alice Hostettler** to make a formidable doubles team.

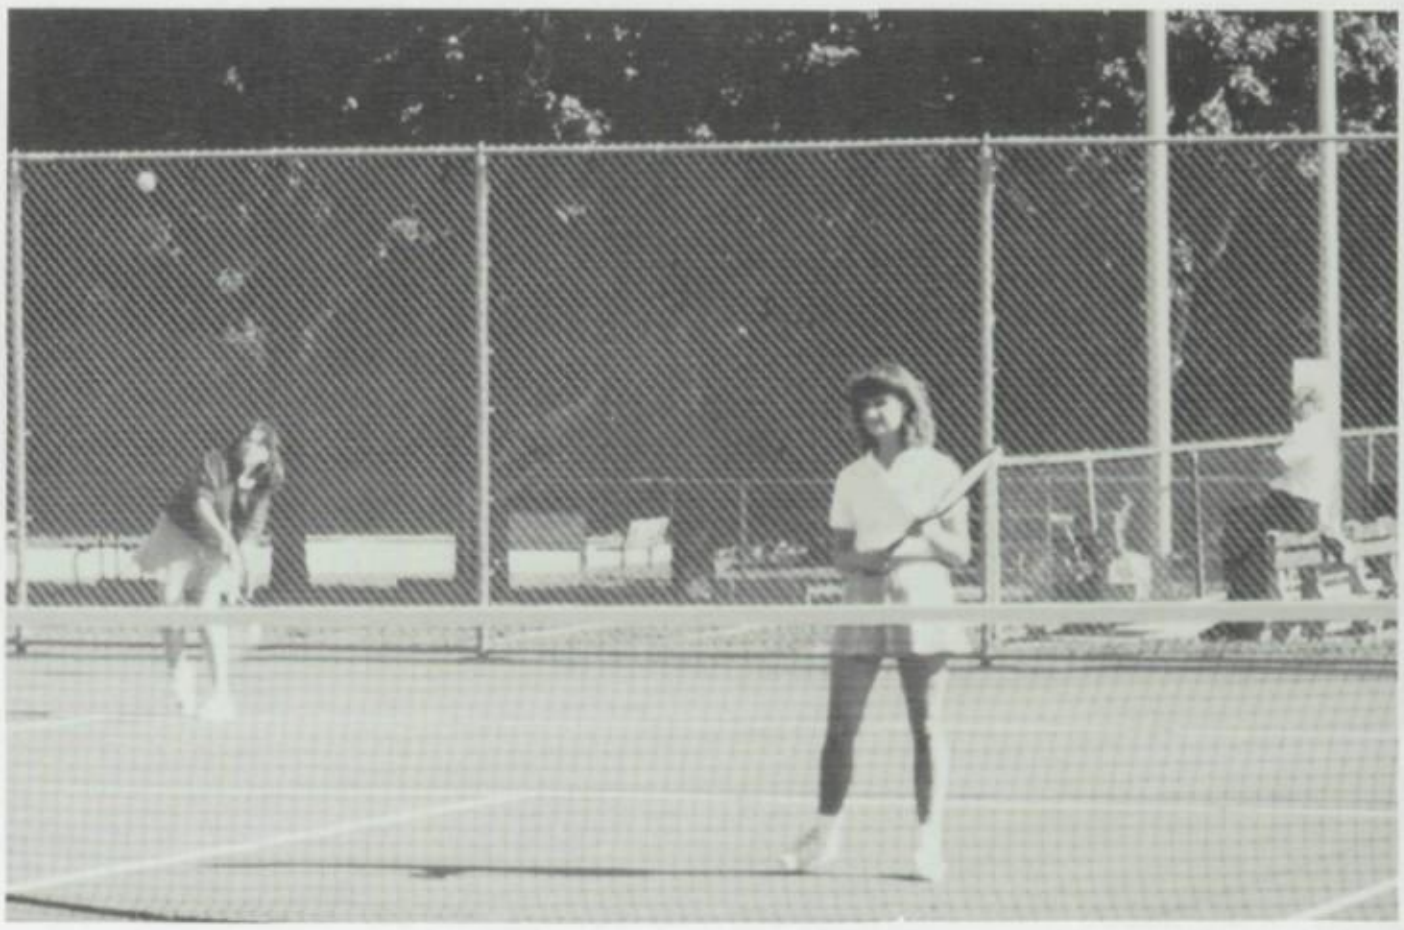
The middle of August brought the end of summer, the realization that the beginning of school was just around the corner, and a bright, new outlook for the girls' tennis team. This was practically a whole new team with only three members of last year's varsity returning. Though the team was inexperienced, they practiced hard and showed a tremendous team spirit.

This year's team was enlightened by the presence of two DeVilbiss exchange students. Katie Seubert from Celle, Germany played first singles,and Alice Hostettler from Chaffhausen, Switzerland played second doubles with sophomore Maggie Hunter.

This year's team lacked consistency, but through hard work and determination, had one of their best records in years. Players such as Sarah Kutcher (senior) and Tracy Bair (junior) became "fundamentally sound tennis players" according to coach Dennis Dreher.

The sectional tournament was exciting for the Lady Netters, as they watched Katie Seubert go on to the district tournament. She was the first Tiger to go that far in ten years.

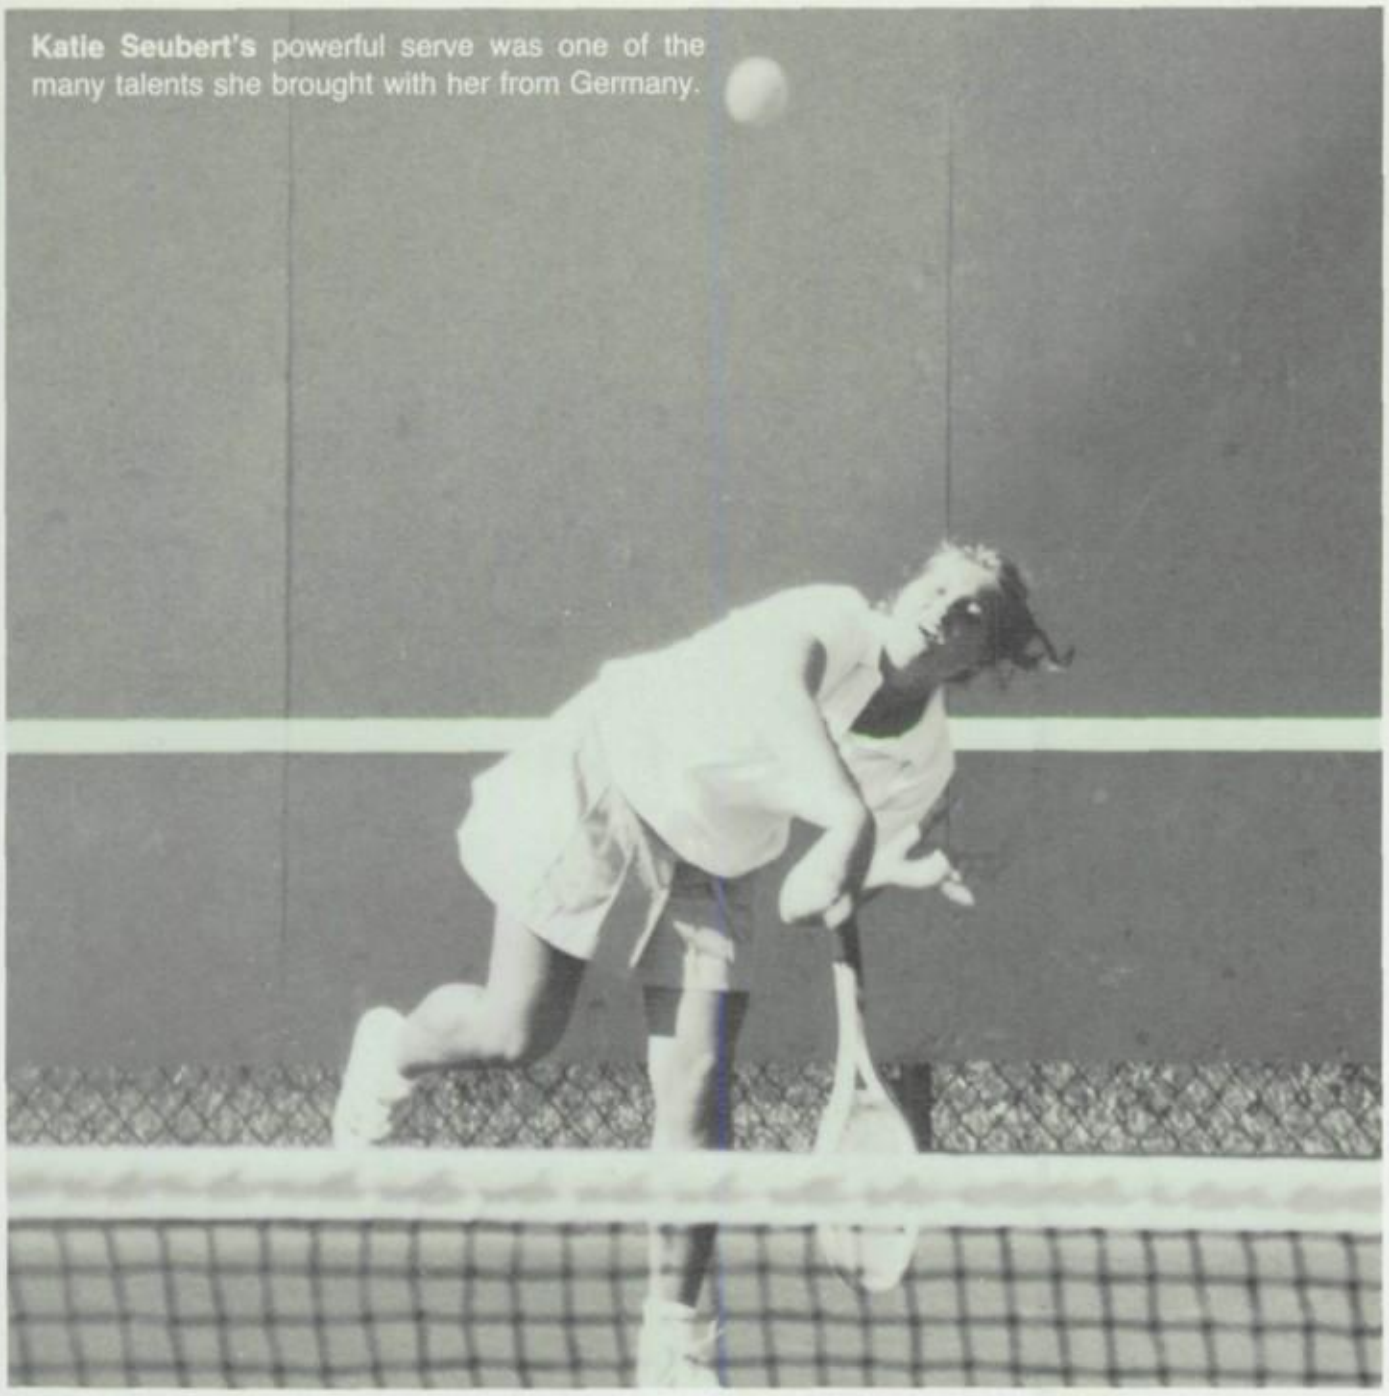
Though the top three singles players were seniors, the first doubles team of juniors Sue Schick and Jenny Folger will return next year as will Tracy Bair, Maggie Hunter, Louisa Clark, Kendra Caputo, Jenny Hicks, and Lou Verneer.



SWITZERLAND'S FINEST! **Alice Hostettler** had an excellent season playing second doubles with sophomore **Maggie Hunter.**

Jenny Folger waits patiently for the return of partner **Sue Shick's** serve. Jenny and Sue had several key victories during the season while playing first doubles.

After four hours of playing in a grueling match, **Sarah Kutcher** still has a smile on her face.



Katie Seubert's powerful serve was one of the many talents she brought with her from Germany.

Tracy Bair earned the team's most improved award as the result of her hard work.

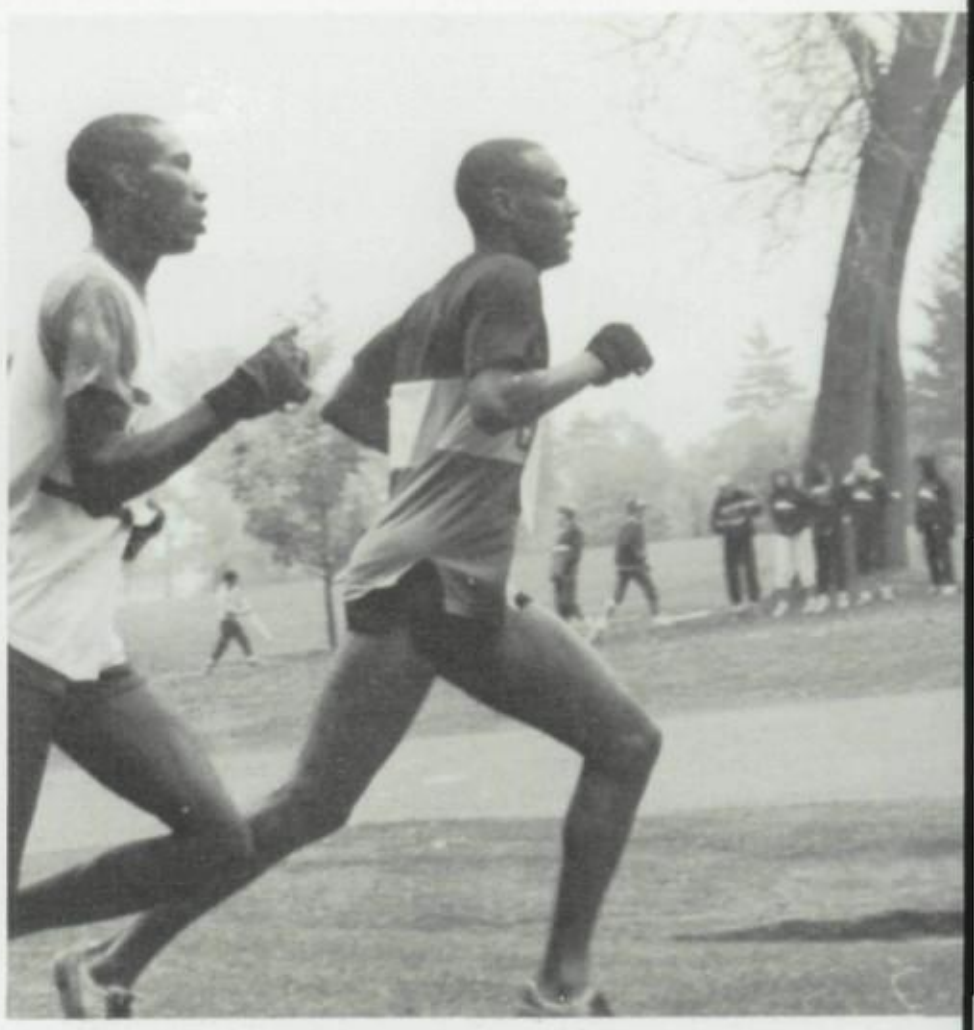
STANDOUT SPEAKS OUT

POG: What adjustments do you have to make when playing in America rather than in Germany?
Katie Seubert: district qualifier

The biggest difference is the surface. At home we have clay courts and the ball bounces more slowly. It forced me work on my timing. We also only played once a week rather than having 3 or 4 matches each week.



Scott Edwards and **Terry Lawrence** start to make their move at the city championships.

HARD WORK, DISCIPLINE, SUCCESS

"WE DID IT!" **Ivory Starr** and Coach **Mark Coe** celebrate Ivory's excellent performance that led to his being City champion.

Hard work and discipline led this year's harriers to a successful season. Many long, hard miles and grueling interval workouts prepared the team for the demands of the 3.1 mile race. The Tigers finished the season with a 13-7 overall dual meet record and performed well in Invitationals at Tiffin, Perrysburg, and Malone College. The highlight of the season came in the City Championship when the Tigers finished fifth (an improvement of five places over last year's finish). Ivory Starr led the way, snatching the city league title at the finish line. Senior Eric Sinner also finished strong for the Tigers, taking 23rd place. Other top finishers were Ron Bankston, Pete Capshaw, Scott Edwards, Terry Lawrence, and Jesse Squire. Coach Mark Coe was very pleased by the team's performance. "Overall, the team had a good attitude, even though they had a lack of experience. I expected them to take anywhere from fourth to eighth in the city. I was pleased with fifth."

The Tigers' successful season didn't just happen. Hard work and discipline were the ingredients for success. As Ivory Starr, a member of the State Championship track team, stated, "Cross Country is harder because you have to put in miles every day. You have to be disciplined."

PUTTING IT ALL ON THE LINE! The hard work and sacrifice that the boys put in during the summer workouts and the long weekend invitations helped them finish fifth in a tough city league.

POG:How do you mentally prepare yourself for a city or state championship meet?

Ivory Starr: City Champ

I put everything else aside. I think about the race and the people in it. I have to concentrate on doing well. I jog over the course before the race so I know where to make my moves.

Senior **Julie Hoover** concentrates on passing her Central rival in the City championships. Julie's fine senior season, capped off a brillant career at DHS.

Running to Respectability

The Lady Tiger Cross Country team, facing tough city competition from Central and Notre Dame, earned a respectable third place in the City Championship. Julie Hoover and Julie Haase were first team All-City, as they placed fifth and seventh place, respectively. Freshman Latanzia Dunston finished 20th in this same race.

The female harriers, led by the same trio, and aided by Diana Wills, Patrice Blanton, Patti Travis, and Nikki Williams, also finished sixth in the District Championship. Julie Hoover qualified for the Regional meet and finished in the top third."I think DeVilbiss has the strongest running program in the city. We've always been one of the city's top four teams as long as I've been here." The team compiled a fine record of thirteen victories while losing only twice.

The team adopted mottos such as "No pain, no gain" to keep a working attitude. As the season progressed, the Tigers became not only a team that knew how to run, but a team that knew how to have fun. They participated in the annual Fun Run and spent the weekend at the Malone Invitational.

The team boasted the most athletes honored academically this year. Four of the seniors(Julie Hoover, Kathy Hall, Susannah Lazar, and Patti Travis) received All-City academic awards. Julie Hoover was named DeVilbiss' top scholar-athlete.

Anxiety written on their faces, the nervous runners receive premeet instructions at the City meet held on the tough Ottawa Park course.

Nikki Williams and **Jenny Holton** work the hill on the tough course at the Malone College Invitational. Team members enjoyed their weekend trip and excellent finish in this prestigious meet.

"Several students in the building play golf, but it's difficult to find them," said Coach Williams. He further commented that watching the players improve and mature was both "enjoyable and encouraging."

In addition to their dual meet schedule, the team took part in the Whitmer Invitational tournament and hosted the annual DeVilbiss Open, where Coach Williams was commended on how nice it was.

Rick Garcia, Harvey Popovich, and Mike Guziolek garnered most of the awards for the season. Rick and Harvey both received honorable listings for the All-City team. Mike was awarded the "team medalist award" for having the lowest score in the City Finals.

I feel that I did so well because I was relaxed and felt no pressure - I played for the enjoyment of the game. I wanted to spend more time with my good friends. I am looking forward to my senior year because now I have a year of experience.

PROVING SKEPTICS WRONG!

No one knew what to expect when it came to this year's varsity volleyball team. Since five of last year's six starters graduated, many people expected a "so-so" team. However, seniors Patti Brown, Andrea Baker, Amy Heinl, Melissa Klima, and Pam Sekulski proved the skeptics wrong. "We had a strong team this year, even though five seniors left. We had to try to forget about last year and start a new beginning. We surprised everyone with our ability," commented Amy Heinl.

Their most frustrating game was against Central Catholic High School. "It seemed like there was some kind of psychological barrier and because of that we totally fell apart," stated Amy Heinl. The Lady Tigers lost that game, yet, Central could not break their spirit.

Even though there were some losses they pulled together and had a successful season. "We took our losses in stride and learned from them. We used them as positive rather than negative, influences. I'm pleased with this year's results," said Coach Trumbull.

STANDOUT SPEAKS OUT

POG:Did you feel pressured by being the youngest child in a family of 3 previous All-City players?

Pam Sekulski - All City

My favorite part of high school was playing volleyball along with my sisters. It was a great advantage, I looked up to them for guidance and friendship. Sheri, Karen and Kim all received All-City honors. I wanted to prove to myself as well as others that I could do the same. The hard work and dedication paid off when I made All-City, All District and was MVP.

Building the Future

Preparing the junior varsity players for the varsity team has been an enjoyable experience for Coach Christie Lawrence. "The highlight of the season was not only placing second in the Red Division, but watching the players develop as people and as athletes," she commented.

Two sophomores, Tanya Jamra and Cindy Lawecki, were able to gain valuable varsity experience as they divided their sevices between the junior varsity and the varsity teams. Cindy practiced long and hard in order to achieve a higher vertical jump and a better spike. She felt that "high school volleyball was much more challenging than junior high volleyball. In high school we did more than just set the ball."

Participating in high school athletics has its benefits, but there are some negative aspects. "I barely had a social life. I studied during school and was up until 11:00 doing homework," commented freshman, Crystal Adams. However, she continued to work hard to improve her volleyball skills and to keep in shape for basketball and track.

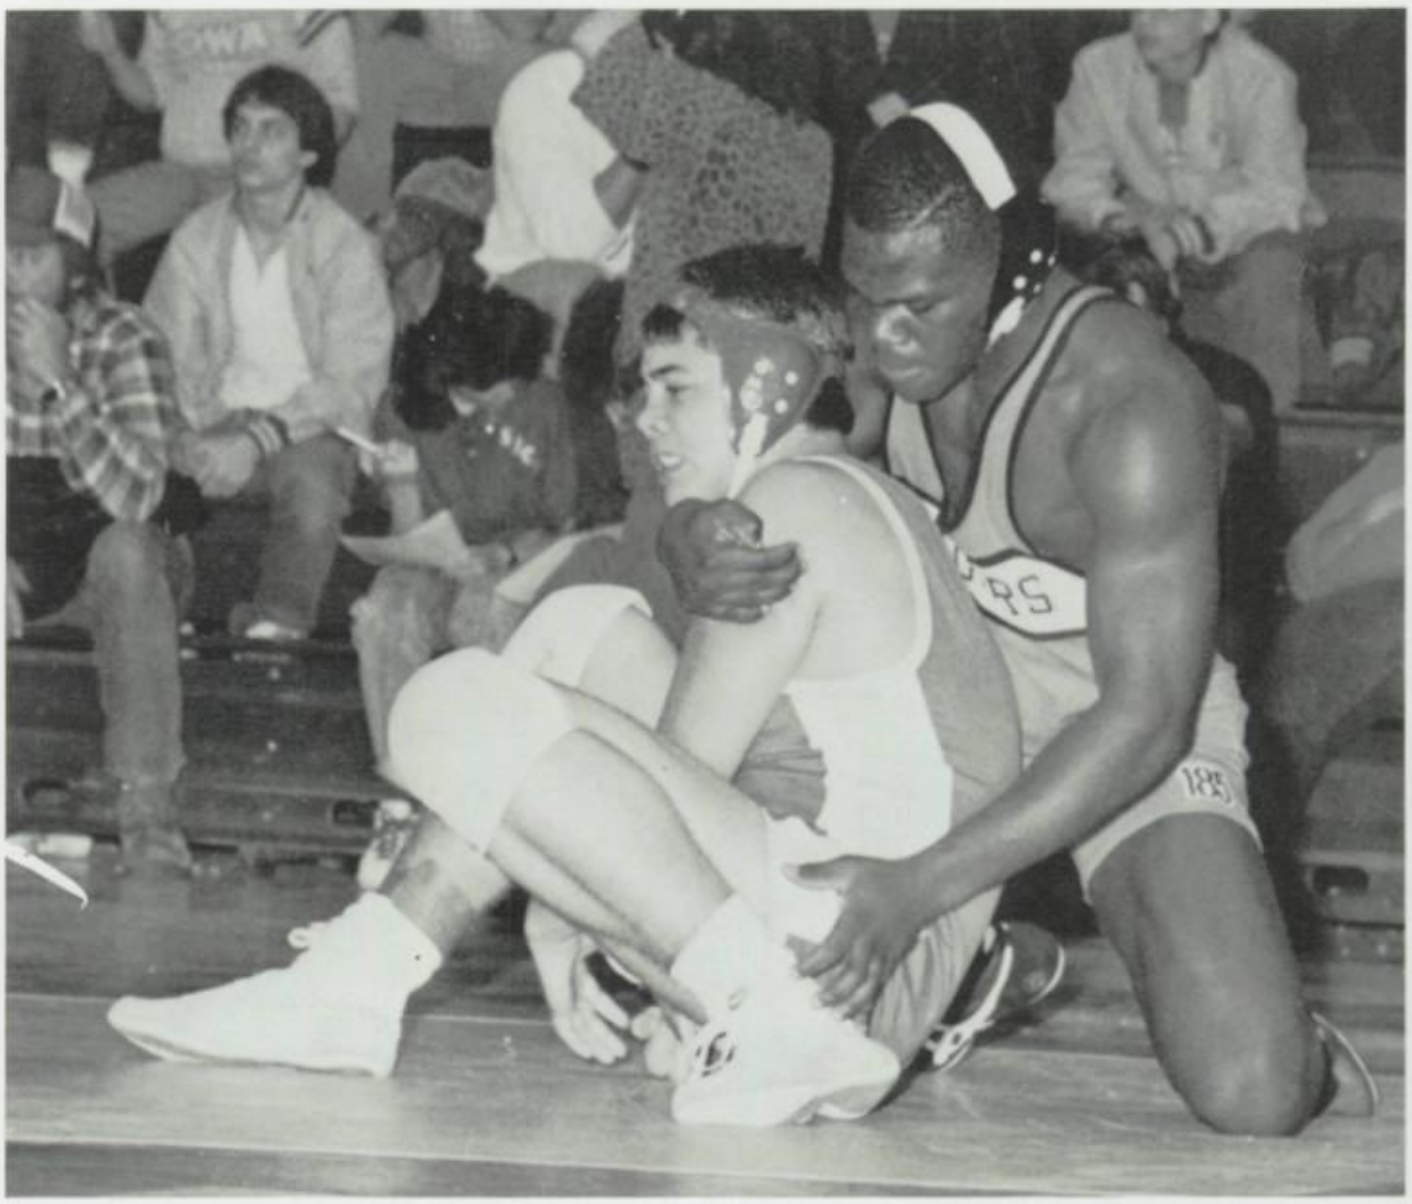
BLOOD, SWEAT, & TEARS

The DeVilbiss wrestling team made a fine showing during the 1988 season. The team was young (only three seniors), but they managed to do well in several tournaments including an impressive third place finish at the Cardinal Stritch Invitational.

The Grapplers' dual meet record was 2-3 with two of their losses coming against state-ranked teams.

Outstanding Tiger wrestlers included Omar Johnson,(3rd in the City, Sectionals, and District) and Willie Emery, (DeVilbiss' first Sectional Champion in two years). Mike Thayer had an excellent season, finishing sixth in the City Championship.

Tri-captains Tami Tammerine, Ron Bankston, and Jamie Lane were the only seniors on the team. When asked about the team's attitude, Tami said,"We had a fun attitude. We liked to crack on each other." One goal for everyone was not to be a fish (someone who is pinned easily). "Aquavalva Man", Rick Garraway was the king of the fish.



"No Problem!" **Willie Emery** handles his opponent with ease. Willie went on to become a sectional champion.

POG: Which quality do you feel contributed most to your success--brute strength or skill?

Willie Emery: Junior

It takes hard work and devotion, as well as skill to succeed in wrestling or any other sport. I feel that a combination of skill, determination, body development, and encouragement from fellow team mates, coaches, and family have all contributed to my success. It takes all of these factors working together to inspire me to strive hard to achieve success.

YOUTHFUL HOOPSTERS!

Faced with a young and inexperienced squad, Coach Ben Bluitt tried to provide the opportunities for his players to grow and improve. The young hoopsters started 4 juniors and a sophomore most of the season.

Juniors Jerry West, Darrell McClendon, Darrell Dorn, and Jerry Easter were the backbone of the team. West and McClendon handled the guard duties, while forwards Dorn and Easter averaged 15 and 18 points, respectively, per game.

Fast growing and energetic sophomores Steve Ifeduba, Andrew Schafer, and Gifford Moore all provided exciting moments for Tiger fans.

The Junior Varsity squad (coached by Kevin Rupp) and the Freshman squad (coached by Joe Harris) both had successful seasons. Several players on these teams alternated their playing time at various levels throughout the season.

Superman **Jerry West** flies over his opponents. Jerry usually led the Tiger team down the floor on the break away.

Girls Reach Goals

Kim Bates says,"No, you can't have the ball!"

"The girls were fantastic! They worked hard and achieved their goals. This was the most enjoyable year I've ever had as a coach!" Rodger Gill, coach of the varsity team, beamed with pride at his girls'accomplishments.

The Lady Tigers were young, and those who weren't young were inexperienced. But they chose a goal-consistency-and achieved it.

After starting the season with 2 wins in their first eight games, the girls won nine of their last fourteen games-consistently winning the close games. And close they were! Who could forget Tina Peaks' buzzer shot to beat McAuley, and the great comebacks against Rogers, Bowsher(twice), and Start.

"We won 11 more games than people thought we would," commented Mr. Gill, "but then again, the girls always knew they could do it."

The junior varsity did it, too. For the second straight year, they finished with a 17-3 record. Coach Christy Lawrence's crew won twelve in a row, including nail-biting comebacks against Notre Dame and Macomber Whitney, before dropping their first game to Central Catholic.

New Coach - Continued Success!

When veteran coach George Filby retired after 14 years at the helm of the baseball program, some people worried about the future of the program. It didn't take long for the Tigers to dispel this worry - they reeled off 8 straight wins.

The Tigers were a streaky team winning 8 in a row, then losing 8 of 9, then winning 7 of the next 9 and then finishing the season with 3 losses. This inconsistancy was definitely not caused by pitching because Coach Grabow felt that the pitchers "did everything that I asked them to do." Korey Kenkle was the leading hurler with at 5-2 with 66 KOs in 42 innings.

The Tigers were a poor contact hitting team with the exception of Tony Schwartz and Charlie Koenig. Charlie led the team with a .413 average, 2 homeruns and 24 RBIs. Coach Grabow considered Koenig as the team leader and an example for young players because of his hard work and excellent attitude.

The high point of the season came when the Tiger avenged two earlier losses to Central Catholic to capture the sectional title. The team's final record was a fine 18-14.

Although the squad is losing some valuable seniors, Coach Grabow says, "I can hardly wait for my second year to start."

There were no Chris Browns or Terrence Grants on the Lady Tiger track team. There was, however, a group of competitors who could be counted on to finish second or third in a multitude of events. This combination of talents was enough for the team to win the city championship and finish as district runner up.

Distance runners Julie Haase and Julie Hoover, sprinters Gerri Smith, Tonya Holmes and Crystal Adams and freshman shotputter Shelly Klima accounted for many of the Tiger points with their fine finishes.

Coaches Tom Newbern and Debbie Johnson did an excellent job keeping the girls in top shape and peaking them for the championship.

STANDOUT SPEAKS OUT

POG: How difficult is it to get ready for 3 races in an important meet such as the city championships?
Julie Haase: All-city

The toughest part isn't the running, it's being mentally prepared. Getting "psyched" means being ready to run your best race in all 3 events. You have to know your opponents and how they run. You can't be afraid or you'll tense up and run rigid. Self-confidence is important, if you don't believe in yourself, chances are you won't do well.

1988 CITY CHAMPS!

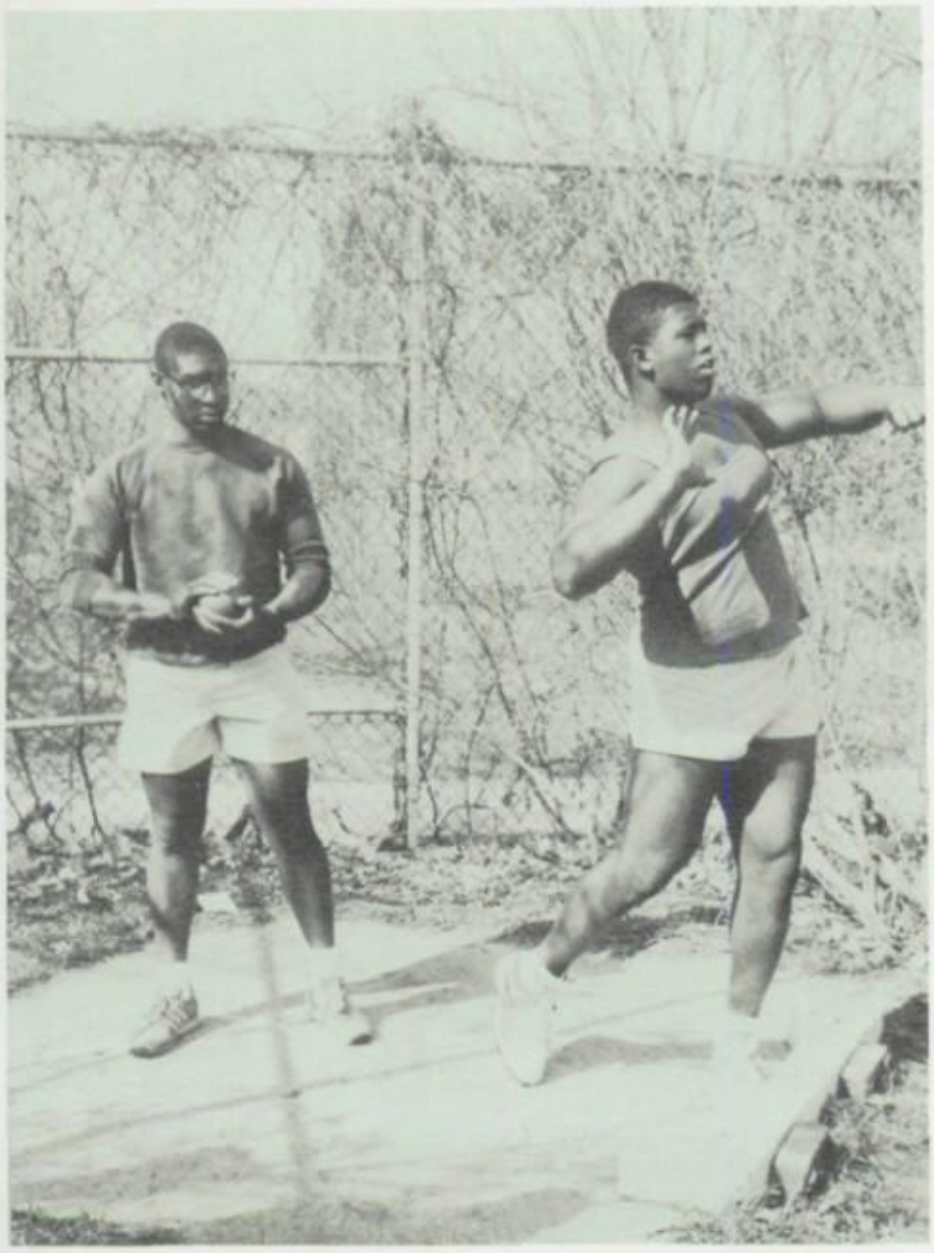
THE WINNING EDGE!

The boy's track team had a bright outlook when practice began in mid-December. The '87 version of the team won the state championship, and almost everyone was back. Robert Hayton, from Libbey, took over the head coaching duties. The team went undefeated through the first three invitationals, setting several meet records along the way. The Tigers then travelled to Knoxville, Tennessee, and finished third in an impressive 90-team field. Two weeks later, the boys went to the Roosevelt Relays in Dayton and finished fourth--even though they left early to return in time for prom.

At the City Championships, the Tigers dominated the field, scoring in 13 of 16 events. Chris Brown won the 100 meter dash in his long-awaited duel with defending state champion Chuckie Webb, of Macomber. Chris won two other events and participated on a winning relay team. He was named the outstanding performer of the meet.

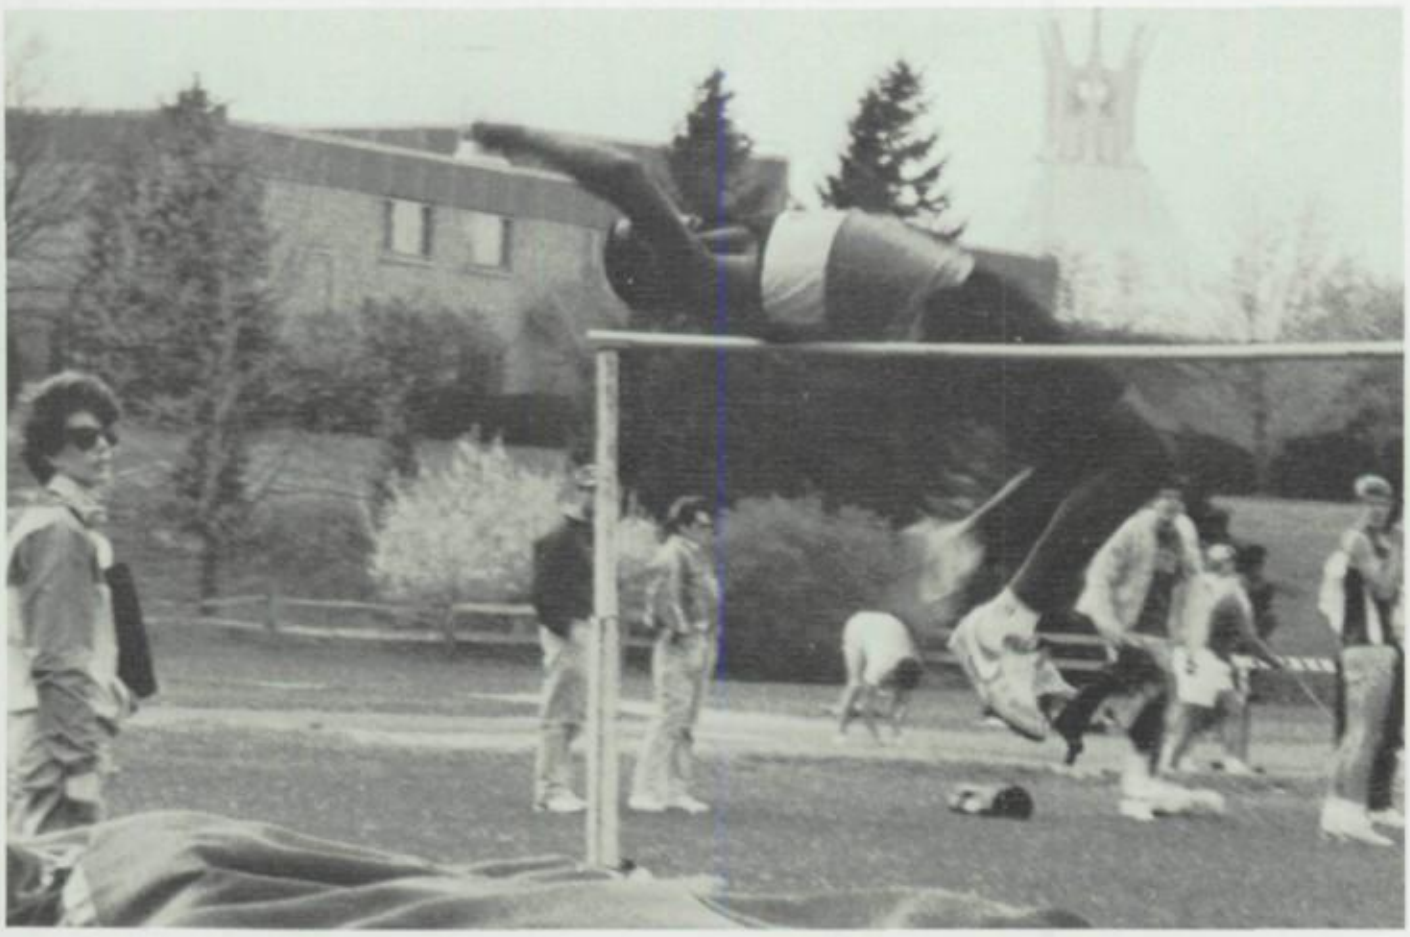
The Tigers won the District, even though star hurdler, Terrance Grant, suffered a season-ending injury. Regional and State Championship results were not available at this printing.

Terrance Grant shows the form and determination that made him Ohio's premier hurdler. Terrance won every hurdles event that he entered during 1987-88.



Chris Allen and **Mike McClain** work to perfect their shot putting techniques. Mike was also excellent in the discus and finished second in the city.

Triple event winner **Chris Brown** breezes to an easy win in the prelims of the 100 meters.



Can you imagine jumping 3 inches over your head? That's exactly what sophomore **Mark Knabbs** does at St. John's.

Seniors **Ron Bankston** and **Ivory Starr** tensely await the starter's gun before the 800m run. Ivory went on to win the district 800 meters title with an excellent 1:56:1.

Shawn Flanagan was only DeVilbiss' second best sprinter but he was also second best in Northwest Ohio in both 100 meters and 200 meters dashes.

Scottie Edwards and **Jesse Squire** move past their St. John's rival on the last lap of the 3200 meters run.

Exploding from the blocks in perfect form! The City League's Most Valuable Runner, **Chris Brown**, won the 100m, 200m, and 400m dashes in the city championships!

STANDOUT SPEAKS OUT

POG: Has it been difficult for you to handle the pressures of defending your state championships in track?

Chris Brown: Senior Once you have been there, it is hard to even want it that badly again. I have been healthy, but there is always the chance that someone better will come along. I guess my saving grace is that I run a lot of events. Even if I don't win the 200m, I have a very good chance in the 100m and the 400m.

The boys' tennis team, under the tutilage of first year coach, Paul Tierney, improved steadily throughout the season. An inexperienced, but enthusiastic group of underclassmen, led by Don Majchrowski (first singles), Jim Heidelberg (second singles), and Jeff Lorenz (third singles) provided fans with some anxious moments during the season.

The team finished with 3 wins and 8 losses in the city, but coach Tierney was quite optimistic about the future. "I learned quite a lot, and the younger players were especially enthusiastic about playing and learning more about the game," he stated.

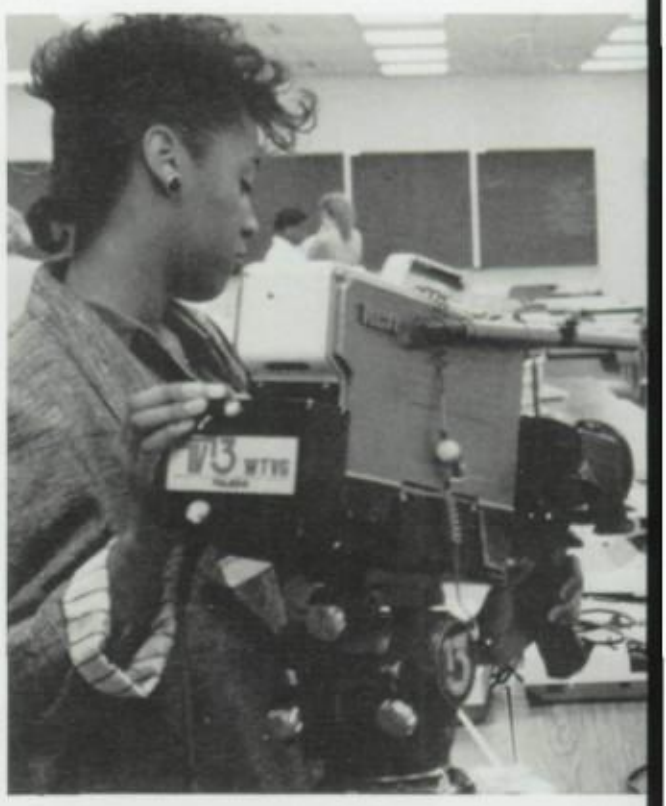
BUSINESS

Stepping Stones

While all of our classes helped to prepare us for the future, the business department did so in very practical ways.

Each year, students not only entered typing and accounting classes, but also went into one of the four blocks that the department offered. Besides the blocks offered in the past (C.O.E.--Cooperative Office Education), Executive Secretary, Accounting and Computing I & II, a new block was added to the department's repoirtoire. International Business, taught by Edward Chavez, incorporated competency in a foreign language with the normal C.O.E. program.

The business department was also able to boast about the acquisition of fourteen new computers. The computers, IBM Personal Systems II, (model 30), gave students the opportunity to advance their computer training.



Typing I teaches valuable skills to all types of students, from college prep to secretarial.

The English Department offered a wide variety of courses this past year. For the college bound students, four years of English was offered at the honors level, as well as at the A.P. level. Speech, Drama, Newspaper, and Yearbook were also available through the English Department.

Mr. Harold Feltner, chairman of the English Department, was pleased to announce the addition of Mrs. Deborah Smith to his department's teaching staff. Mr. Feltner was also elated at the fact that his department has its own book room. Other improvements within the department included the acquisition of a new television and a VCR.

Mr. Feltner also served on a committee to adopt a new composition program to be piloted during the 1988-89 school year.

FINE ARTS

Rocking to a Different Beat

The Fine Arts Department welcomed DeVilbiss' new choir director Mr. Tom Szor, and launched a new club for art students during the 1987-88 school year.

"Students involved in the Art Club were very enthusuastic and very cooperative," said department chairperson, Ms. Nancy Hillis.

Talented Devilbiss art students continued to impress judges in various local, state, and national art shows, with a number of students receiving high honors in both the National Scholastic Art Show and the Governor's Show.

Music students were involved in the musical and several choir and choral performances-especially during holiday periods.

LANGUAGES

The World Rocks

Crepes, German pastries, fortune cookies, . . . fried rice, taco salad, piroshki. These were some of the many foods offered at the Foreign Language Food Fair. The fair was given by and for the foreign language students.

The Foreign Language Department was very active this year with the food fair, Foreign Language Week, and Foreign Language Day at the University of Toledo.

The German Club participated in the city-wide German Day; the Spanish Club went to Chi-Chi's Mexican Restaurant; and the Russian Club attended the Oral and written Olympiada, in addition to their Russian expedition over Winter Break.

Several teachers from the Foreign Language Department attended conferences to keep abreast of their subject areas. Among other things, they learned a teaching technique called TPR--"Total Physical Response"--which helped increase proficiency.

Hard as a Rock?

Calculus students **Tyrone Williams**, **Sarah Kutcher**, and **Lynn Cowan**, are shown special computer applications which will help them in class.

DHS math students participated in a wide variety of tests throughout the 1987-88 school year. Such tests offered students a challenge, and a chance to see how they compared with others around the country.

The Ohio League Tests were given to Honors Algebra II, Honors Pre-Calculus, and Calculus students. They were taken six times during the year. Participating schools were ranked according to their scores. DeVilbiss was the only Toledo Public School to take these tests.

The GTCTM (Greater Toledo Council of Teachers of Mathematics) test and the AHSME (American High School Math Examination) were given in March. These exams ranked students statewide and nationally.

DeVilbiss offered a complete range of classes in the area of mathematics. From Math I to Calculus, classes were available for even the most sophisticated of math majors.

PHYSICAL EDUCATION

Rolling Stones

During their first two years of high school, DeVilbiss students work their way through a two-year physical education program, consisting of Careers (an elective) and Health/ Physical Education (both state requirements).

Physical Education was taught jointly by Mr. Robert Pawlak and Miss Katherine Juers. Mr. David Zahs also taught Physical Education while Mr. Kevin Rupp taught Careers as well as Lifetime Sports, a new course offered to Juniors and Seniors.

Some of the activities which the students participated in were: soccer. football, bowling, badminton, volleyball, basketball, aerobics, softball and track and field. Participation seemed to peak during volleyball and basketball seasons.

SCIENCE

Solid Foundations

Science is a fascinating field of study which is growing and changing every day. At DeVilbiss, students can receive a sold foundation for the beginning of a science career, or an understanding and appreciation for the subject. Science courses to choose from include: Physical Science, Biology, Chemistry and Physics.

Science students enjoy newly remodeled facilities. The renovation cost over $250,000, and was a big improvement for the science department. A separate lecture room for Anatomy, Physiology and Chemistry was added, and new cabinets and lab bars were installed in all of the rooms.

Solid as a Rock

What was the best way to describe DeVilbiss' history department? Well, Mr. Nichols, the head of the Social Studies department, said "solid".

Though there were no new teachers, "We have six devoted teachers who have put in many years," Mr. Nichols proudly announced.

There were eleven history courses offered this year. American Government, American History, Applied Economics, Geography, Imperial and Modern Chinese History, Imperial and Modern Russian History, Sociology, and World History were classes returning from last year. AP European History returned after a one-year hiatus.

"There has always been a permanence in this department," explained Mr. Nichols. Many new things have been planned for the near future, and the department continued to keep its "solid-as-a-rock" status.

VOCATIONAL

Paving The Way

Vocational--the opportunity to give students skills necessary to get access to a financially rewarding career while earning their diplomas.

The most popular of our vocational classes were Home Economics, Machine Shop, Restaurant Management, and Auto Body. These classes were not only rewarding in terms of acquiring skills, but they were also fun.

Restaurant Management, Auto Body, Machine Shop, and Small Appliance Repair were all offered in 3 hour blocks. The machine shop featured a computerized lathe and a robotics computer. These machines helped students keep up with the changes in industry.

In addition to the "block" courses, hourly classes were offered in Home Economics (taught by Ms. Johnson and Mrs. Kurt) and Wood Shop (taught by Mr. Moore).

FINE PUBLICATIONS

DeVilbiss has two fine publications, the "Prism" and the "Pot-O'-Gold".

Mr. Prephan advised the staff of the "Prism", a school newspaper that was published once a month. (The Graphic Arts Department at Macomber/Whitney Vocational school actually did the printing.) Jenny Jaqua and Jamie Lane did most of the editing chores.

Mr. Dreher and Mr. Gill were the "Pot-O'-Gold" advisors. Bonnie Duritsky was the editor-in-chief and one of the yearbook's most reliable photographers. Linda Larrow and Tina Mason (Computer Editors) were on the staff for the second straight year.

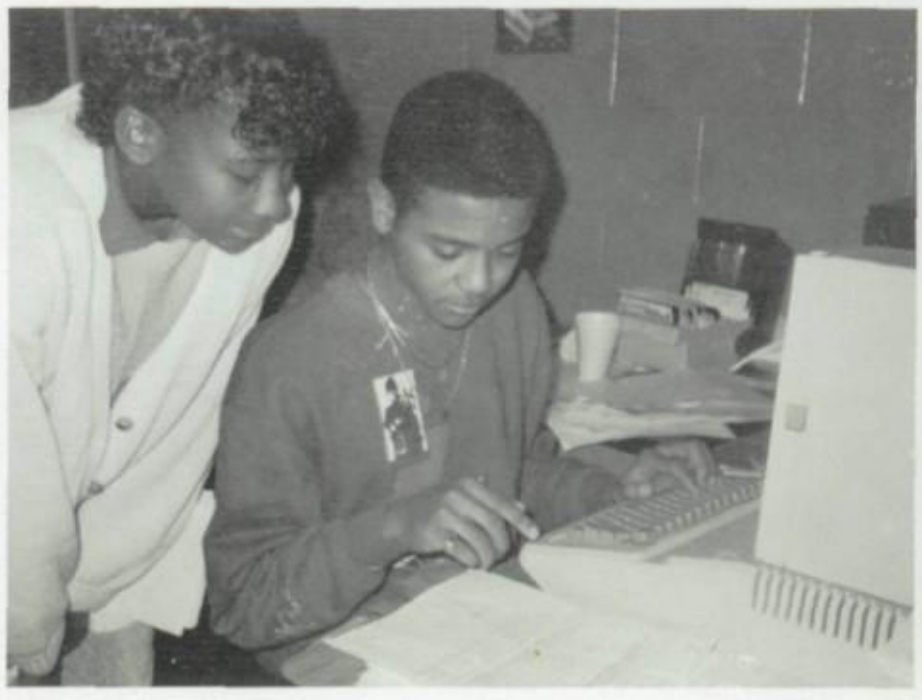
According to Mr. Gill, "Yearbook can be a difficult class to teach. There are rush periods and there is a lot of down time. It requires well-adjusted, conscientious students." Mr. Dreher and Mr. Gill tried to develop a real team spirit with the yearbook class.

Prism photographer **Chris Schaefer** was responsible for most of the fine photos in this year's issues.

Jeff Kiker spent many hours after school working on the award-winning Prism.

Tracy Swartz looks on as **Brad Berry** puts the finishing touches in the sports pages.

Ron Bankston and friend check the spelling of names as copy is entered into the computer.



Mr. Gill and **Mr. Dreher** work on a difficult layout with Faculty/ Academics Editor **Joely Tammerine**.

Joely Tammerine and **Sarah Kutcher** skim an old yearbook for layout ideas.

Staff members **Patti Travis**, **Kathy Skaff**, **Vanessa Burrows** and **Julie Hoover** gather ideas for the color section.

Julie Hoover and **Jenny Grabarczyk** edit copy for the student life section.

ROCKS

Mr. Harold Feltner has kept his youthful enthusiasm shown in this 1968 picture. Many students have been intellectually challenged by his insightful and caring teaching.

DeVilbiss' electronics' program was originated by Mr. Ned Ludlum twenty-six years ago. He has been the school's only electronics teacher and has taught students skills which have made them employable directly from high school.

Miss Joan Clark has provided many young women with the skills necessary to become successful in the business world. Miss Clark has never asked "How long will it take?" She always asks "What's next?"

DeVilbiss has been fortunate to have six teachers with 25 or more years of experience teaching in this building. Miss Clark, Mrs. Emery, Miss Juers, Mr. Feltner, Mr. Ludlum, and Mr. Pittman have all been a part of the DeVilbiss family since the early 1960's.

During this time many changes have taken place. There gave been good times and there have been bad times, but the good far outnumber the bad. Mr. Pittman recalled 1966 when the basketball team lost a five-overtime heartbreaker in the regional finals. He also remembered his City Championship football teams of 1973 and 1974. Miss Clark recalled (from her days as a cheerleader advisor) when Page Stadium over-flowed with people during a football game with Alliance.

Mr. Feltner fondly recalled the years when he directed DeViltries. "In those years thousands of students passed closely by me. I got to know many terrific people" But DeViltries, a concept that required enormous amounts of time, energy, patience, and cooperation, soon fell by the wayside.

Another program that was popular during the late 60's and early 70's was the co-ed Adagio team formed by Miss Juers and Mr. Booth. These "dancers" performed at various school functions and at the state convention. (With movies like "Flashdance", "Footloose", and "Dirty Dancing", this team could be revived.)

Mr. Ludlum would like to see a revival of the great "home-baked pies" which were baked here in the 60's.

Mrs. Emery recalls the good, caring, dedicated people she's met. "They helped me over the bad times, rejoiced with me during the good times, and were always there when I needed them."

We approached these teachers with other questions concerning their impressions of DeVilbiss throughout the years. The rest of the interviews went as follows:
POG:What was your first impression of DHS?
Mr. Ludlum:I felt privileged for the opportunity to teach at

OF AGES

DeVilbiss.
Miss Juers:The enrollment was so large that we were on split sessions.
Mrs. Emery:I taught one of those split sessions from 11 A.M. until 5 P.M. I had to change rooms nearly every hour.
POG:How has DHS changed since you first started teaching here?
Mr. Pittman:The school spirit hasn't been the same since the 60's and 70's. Of course in those days our athletic teams were all among the best in the state.
Mr. Feltner:In the 60's DeVilbiss had over 3,000 students -more than most colleges.
Miss Clark:We had many more clubs, intramural activities, and class activities. Class officers and advisors had
something planned every week--mostly after school.
POG:Why did you choose to teach?
Miss Juers:Several of my high school teachers influenced me.
Mr. Feltner:It may sound corny, but I wanted to positively affect the lives of people. At first I intended to be a minister (after rejecting Hollywood, of course!).
Mr. Pittman:I was athletically inclined and wanted to teach and coach others.

When asked about the different subjects they have taught throughout the years, the answers really varied. Mr. Ludlum taught Industrial Arts, Biology, and Math. Miss Clark started in English and moved to the business department. Mr. Pittman taught Physical Education, Health, and Science, and Mr. Feltner has taught English and Spanish. Only Mrs. Emery and Miss Juers have devoted themselves to one subject throughout their professional careers.

All of these teachers have given more to DeVilbiss than just their teaching careers. All have taught as coaches and/or advisors to clubs and classes. Many have been department chairpersons.

In the center of the Tiger athletic program for nearly forty years has been Mr. Dale Pittman. Mr. Pittman was an excellent athlete at DHS and returned to become head football coach and, later, athletic director.

Many students have blossomed mathematically under the caring guidance of Mrs. Margaret Emery. Her low key approach and friendly disposition made math more appealing.

A fixture in the DHS girls' gymnasium has been Miss Katie Juers. Long before the feminist movement, Miss Juers taught young women self-respect and physical fitness.

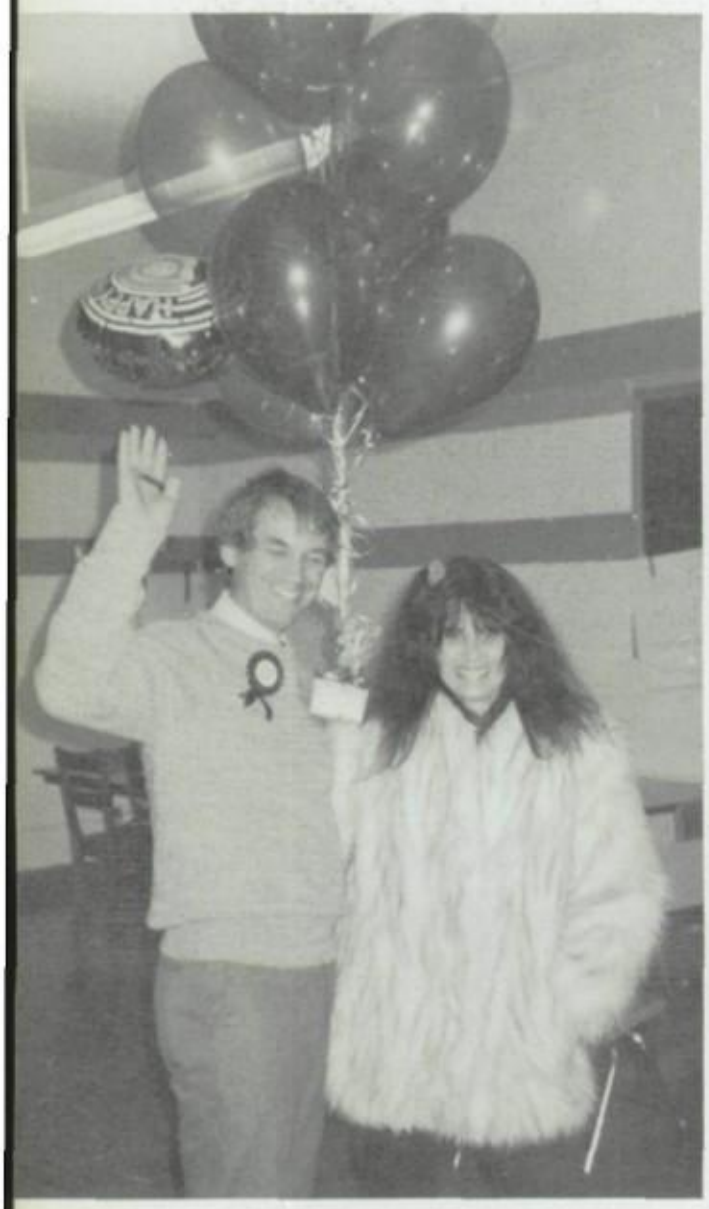
LOOK WHAT WE FOUND AT A GARAGE SALE! **Jodi Nowowiejski, Vanessa Borrows,** and **Jodi Straw** help Mr. Dreher with his present.



Mr. Berger celebrated his 40th birthday with the assistance of a ...a....you *choose the right word.*

How disappointing! Mr. Geiger is Santa Claus with **Aaron Oxner** as his main assistant.

Both teachers and students desired information at the AIDS assembly.

Head secretary, Barb Lowden, informs Michigan fanatic, C.J. Washington, that he can't suspend **Shawn Bankston** for wearing an OSU sweatshirt.

"Now look Flip, remember to hit hard and use good gammar!" says English teacher/trainer Mr. Prephan.

DOES C.J. KNOW? Mrs. Washington and Peter Cottontail snuggle before Spring Break.

HAVE YOU CONSIDERED . . .

Have you ever thought about all of the routines that you go through every day--whether you want to, or not? Think for a few minutes about things like just walking from one class to another, eating lunch, going to the restroom, sharpening pencils, etc. Can you imagine how much time you "waste" doing these things? We are sure that there are many trivial items that could be documented. These are just a few that the 'Pot O' Gold' staff jotted down while "day-dreaming" one sunny afternoon. Over a four-year period (a long four-year period):

If you walked 5 laps around the hallways to get to your classes, you walked a mile a day ... over 760 miles.

You have eaten over 760 lunches. If your lunch consisted of a cheeseburger, fries, and a drink, you spent over $2,000. (That could pay for 1 full year of college tuition.)

If you used two sheets of paper in every class, six periods a day, you used approximately 8640 sheets of paper. (If you are Eric Sinner of Shawntreece Bankston, you BORROWED 8640 sheets of paper.)

If you had 6 different teachers during each of your 4 years, you would have had at least 24 different personalities to contend with during your high school career.

If you paid to get into every sporting event, you spent over $600.

Homecomings, Proms, Graduation, and other events could have cost you over $1,000.

If you used the restroom twice a day, you made over 1,500 pit stops. (Thank goodness we don't have pay toilets!)

If you chewed three sticks of gum a day, you chewed over 400 packs of gum--almost $140 worth of gum.

If you sharpened your pencil (what pencil?) at the beginning of each period, you made over 4,500 trips to the pencil sharpener.

DEVILBISS HAS ...

1923 lockers. (Keisha Smith uses 17 of them.)

Over 15,000 library books.

90 teachers.

Over 8,000 windows.

Over 5,000 light bulbs.

Over 15,000 ceiling tiles.

MY FAVORITE SCHOOL MEMORY IS ...making the top 10 my freshman year. I was so surprised and excited....sitting at that table with 9 of DeVilbiss' finest was very special to me.

IN TEN YEARS I HOPE TO BE ...a very successful businesswoman. I'm going to open a clothing store for petites. We short people have to stick together.

ONE THING THAT I HAVE ALWAYS WANTED TO DO IS ...be an excellent athlete. Just once I'd like to hear "shot-put champ" come after my name.

WHEN I HAVE FREE TIME, I LIKE TO ...go to the movies. I think I've seen every dollar movie that's ever played. Well, I did miss "Pinocchio".

I WOULD MOST LIKE TO BE REMEMBERED AS ...a person who could make people laugh and have a good time. A person who knew when to be serious and get the job done.

Patti's graduation with the Class of 1988 completes a decade of our involvement with DeVilbiss High School. During these years we have seen an increase in communication between parents and faculty and a resurgence in school spirit.

Through our involvement with The Friends of DeVilbiss, we have been able to participate in life at DHS and have developed many lasting friendships.

A special thanks to Mrs. Scharf, Mr. Berger, Mr. Norment, Mr. Blinn, Mr. Dreher, Mrs. Emery, Mr. Feltner, Mr. Gill, Mr. Martin, Mr. Stein, Mrs. Walters, and Mr. Wyatt, for taking an interest in our children, challenging them intellectually, and adding to the richness of their lives.

A New Beginning

This year, DeVilbiss welcomed Julia Ostropolsky, an immigrant from the Soviet Union. Julia's family had been trying to leave the USSR for nine years before finally receiving permission. "It was hard to leave my friends and relatives. Getting settled in the U.S. has not been easy--but leaving the Soviet Union was not painful," said Julia. Julia is taking a mixture of junior and senior classes and plans to graduate with the class of 1988. Julia's thoughts on DeVilbiss: "I have enjoyed this year. I have met many people and I have learned much. I am fortunate to have left the Soviet Union, and I'm glad to be at DeVilbiss.

MAKING 88-89 THE BEST YET

Everyone looks forward to their senior year. What types of things would have to happen to make your senior year a truly memorable experience?

Jerry Easter: If the basketball team would win the city and district championships, that would be great. I would like to play a major role on the team and make first team all-city.

Jenny Holton: I feel my senior year would truly benefit from some spirit, pride, and respect at DHS. It would be nice to have some people atcross-country meets--they are free!

Rhonda Jemison: For our senior year to be the "best of times", it must be spirited, fun, full of laughs, and full of people who care about each other and DHS.

Lisa Netter: I would like to see a recreational sports club formed. Sports such as ice skating, skiing, horseback riding, and biking would be nice. A senior trip to the Florida Keys would be exciting.

Shannon Luciano: I plan to make next year the best year of my life. I want to have fun, but I'm also going to get into a good college. A good senior trip would be a great way to end the year.

So Much Potential!

The class of 1990 is fortunate enough to have many students who thrive on developing their potential to the fullest be at on the athletic field, in the classroom or in the orchestra pit. These students have the potential of becoming the physicians, attorneys, teachers and Olympic gold medalists of the future.

Louis Fuller could be a future NFL defensive back. Nora Stewart may be the first woman in the White House. Nicki Williams could be first chair in the Boston Pops.

Members of the sophomore class should look to the future and expect to see the class leaders of today.

Lunch with Dr. Scott

During the first semester Mrs. Thayer's first hour class held an Appreciation Day for several Toledo Public School administrators. All of the students chipped in 3-4 dollars each to provide food for the several dignitaries involved. Personal invitations were written and sent to Ruth Scott (Superintendent of Schools), Robert Roman (Director of Secondary Education), Cheryl Waters (Director of Language Arts), and all DHS administrators. During the festivities, our own Mr. Norment won a $10.00 gift certificate to Jacobson's. The admirable turnout may have made this an annual affair.

WITH SINCERE THANKS!

Since the beginning of the school year, the Pot O' Gold staff has put in many, many hours building this - the 1988 edition.

As with any journey, the road we traveled was not always smooth. But the hills of frustration lifted us to greater heights of creativity and expertise.

We did not traverse this road alone. The staff would like to express its' sincere appreciation to those Good Samaritans who have supported and assisted us on our journey:

- Doug and Naomi Bynum, our Hunter Publishing representatives, for all of their guidance

- Mr. and Mrs. C. Paul Kenney for their photographic assistance

- Mr. Prephan and the PRISM staff for their cooperation

- the DHS administration for their support

- DHS secrtaries for help on details

- Mrs. Mary Warner for her patience and aid in money matters

- the Careers Office for the use of their telephones and copy machine

- all coaches, advisors and teachers, without whom there could be nothing to cover in the yearbook

- and our two terrific advisors, Mr. Dennis Dreher and Mr. Rodger Gill, for all their enthusiasm, patience and hard work - above and beyond the call of duty.

We apologize if we've missed anyone because, without your help, we could never have made it.

STUDENT MALE

Bonnie Duritsky

Editor-In-Chief (1987-1988)

Bonnie has been on the yearbook staff during all four of her years at De Vilbiss. She has been Editor-In-Chief for the past two years. She is the only person who has been with the yearbook that long--surviving four advisors, two different publishing companies, and a host of staff members. Her photography abilities, her dependability, her maturity, and her extreme dedication to her work has made it possible for the Pot O'Gold to even exist. She has been an invaluable asset to De Vilbiss High School. Bonnie Duritsky--- We Salute You!!
